The condition of Harry Albert Stock, 68, New Oxford R. 2, was reported by the Warner Hospital today as "satisfactory" after he had suffered a fracture of the pelvis, a broken elbow and possible fractures of several ribs Friday afternoon at 12:03 o'clock when his car was involved in an auto accident at Cross Keys.

Stock was one of six persons injured in the two-car crash. His wife, Mrs. Clara M. Stock, 64, had rib and chest injuries. She was treated at the hospital here and discharged.

Four persons in the other auto were treated for minor injuries at the Hanover Hospital.

BISHOPS SEEK CLOTHING FOR WORLD NEEDY

The tenth annual appeal from the Catholic bishops of the country for clothing for the needy of the world will be conducted next week.

Known as "Operation Clothes Closet," the annual Thanksgiving clothing collection will take place in 16,000 parishes throughout the country.

The bishops are asking for wearable jackets, sweaters, coats, shirts, trousers, skirts, blouses, underthings, socks, gloves, scarves, caps, hats, blankets, and shoes. They are to be taken to any Catholic church next week. They will then be shipped promptly to CRS and NCWC warehouses in New York.

"During ten years, over one hundred million pieces of clothing have been shipped overseas to the needy," said the Right Reverend Monsignor Edward E. Swanson, executive director.

Last year, in the diocese of Harrisburg, Rev. Fr. Brady, assistant diocesan director of Catholic Charities, reported that over 16,000 pounds of usable clothing was collected.

"In each parish a clothing depot has been established where parishoners may bring clothing and shoes. This great act of charity is felt all over the world. No discrimination is made in the distribution, for men, women, and children of every race, color, and creed are accepted and welcomed in the receiving lines."

"The United States is divided into regions for this campaign. Two ports, New York and San Francisco, handle the shipping. Each carton is labeled as it leaves a parish bearing a tag with the parish name, date, and the name of the collector."

"Shameful, Repugnant" Governor Removes American Flag From Virginia Capitol

RICHMOND, Va. (AP) — The flap over the flag that doesn't fly atop Virginia's State Capitol continued today.

Enough breeze had been whipped up by conversation alone to keep the Old Glory from flying.

Before the Stars and Stripes goes up again, estimates must be obtained on the cost of extra flagpoles for the Capitol and other public buildings. The flagpoles must be ordered, then installed. The Office of Grounds and Buildings thinks this may be "some time during the winter."

DR. LANGSAM WRITES BOOK OF RECENT WAR

Expected to have permanent historical value relating to the origin, course, and results of World War II, a new volume, "Historic Documents of World War II," has been edited by Dr. Walter C. Langsam, president of the University of Cincinnati and president of Gettysburg College from 1952 to 1955.

Just published by the D. Van Nostrand Company, Princeton, N. J., the book presents 50 of the most significant documents from the great mass of official literature dealing with the war.

Dr. Langsam, well known as an historian and author, wrote introductory notes which preface each document, giving its historical setting and outlining its significance in history. Some of the documents, appearing originally in foreign languages, were translated by Dr. Langsam.

Covers Wide Range

The documents range from such little-known topics as the official naming of the war to Hitler's private explanation to Mussolini of his reasons for invading Soviet Russia.

Among Dr. Langsam's earlier books is "The World Since 1914," a best seller with more than 20 printings.

In his preface to the documents compilation, Dr. Langsam writes: "During a time in which not only every student but every man and woman must have certain background information in order to understand the day's news and evaluate the policies and actions of a democratic government, it is essential that there be available, in brief form, certain basic source materials concerning the outbreak, conduct, and aftermath of World War II."

CONCERT BY SYMPHONY IS APPRECIATED

A near capacity audience in the Gettysburg High School auditorium Friday night virtually demanded, by its applause, the two encores with which Conductor William Steinberg and the Pittsburgh Symphony Orchestra concluded their program.

Violinist Samuel Thaviv's performance of the second and third movements of the Tchaikovsky violin concerto was obviously much appreciated as was a medley of tunes from "Oklahoma."

Although the entire program, from Handel to Rodgers, was well received, the works in the second half, those on the lighter side, were the audience's favorites.

The two encores, polkas by Johann Strauss, were sprightly and fitting topping for the evening of music. Some music covers missed the first movement of the violin concerto. However, its inclusion may have meant the elimination of something else or a concert a little too long.

First Appearance Here

For the orchestra, it was the first appearance in Gettysburg. Its reception would encourage a repeat engagement. The concert was sponsored by the Manufacturers Light and Heat Co. and tickets were sold by 19 county civic organizations whose community projects will benefit from the entire proceeds.

The executive committee for the concert was Paul L. Roy, chairman, David Blocher, Dr. Harold Dunkelberger, Mrs. Robert J. Kenworthy, Mrs. Floyd King, Kenneth Rinehart and Mrs. Henry M. Scharf.

The speaker was Timothy Farrell, representative of the Black Walnut District of the Boy Scouts, who talked of the advantages of the scouting program to the boys and their leaders.

The opening ceremony was conducted under the direction of Scoutmaster Monroe Miller and his assistant, Adolphus Walker.

The car of Marshal Sutton, traveling east on the Lincoln Highway, smashed into the side of the Stock vehicle.

175 AT PSEA FALL BANQUET AT FAIRFIELD

About 175 members and guests attended the annual fall banquet meeting of the Adams County unit of the Pennsylvania State Education Association Friday evening in the auditorium of the Fairfield High School. President Clyde Cover of Biglerville presided and the speaker was Kenneth Gabler, Chambersburg, president of the Southern District of the PSEA.

President Cover introduced George B. Inskip, supervising principal of the Fairfield Joint School System, who welcomed the guests and introduced County Superintendent of Schools C. P. Keefe, Assistant Superintendent M. Francis Coulson, Dr. and Mrs. John Anderson of near Fairfield, and Miss Alma Henry, a former Fairfield teacher.

President Gabler congratulated the Adams County PSEA unit on achieving 100 per cent enrollment of teachers in the PSEA and the National Education Association. He also spoke on the privileges of being a teacher.

Will Help PTA

Officers' and committee reports were presented at a business session and the group voted financial help to units of the Future Teachers' Association. The date for the spring banquet was announced as April 1. It will be held at Arendtsville.

Richard Straup, Fairfield High School principal, was master of ceremonies for the entertainment program. There was a reading, "It's in the Book," by Gary Bechtel and then a girls' ensemble sang under the direction of Edward Cashmore with Donna Jean Myers as accompanist.

The ensemble included Carolyn Adelsberger, Judy Bostwick, Virginia Spence, Lana Sowers, Tynia Trembly, Donna Sanders, Barbara Sanders, Sue Deardorff and Julie Ross. They sang "Around the World" and "The Best Things in Life Are Free." There was a ventriloquist act by Mr. Cashmore and "Jimmy."

NCCW APPEALS FOR CLOTHING

The parish council of NCCW met Thursday evening at St. Francis Xavier Hall with Mrs. Wayne Asper, president, presiding at the business session. Mrs. George Groff, foreign relief chairman, accepted one-dollar contributions for "Martha's Kitchen," a dispensary for needy families. A motion was made to spend \$10 for gifts to be given to an orphan at Paradise Protectors, Abbotstown.

The Thanksgiving clothing drive was discussed. "Warm clothing and shoes are urgently needed to be sent to the needy of the Orient," it was explained. "All donations will be accepted at Xavier Hall November 26 and 28 from anyone who wishes to contribute."

Reports of standing committees were given. Members were reminded to take a new infant garment for the Pope's storehouse to the Christmas party December 11. A joint meeting of the Mothers' Club and the parish council will be held that evening.

Rev. Fr. Anthony F. Kane gave the spiritual talk entitled, "The Church's Teaching Mission," taken from the bishop's formal statement: "The teaching authority is a right from God to the church. 'Go ye, therefore, teaching all nations...' he said. 'No human authority can take away this God-given right. Tyrants and dictators from the time of Caesar to the present have tried to suppress and take away this right in their attempt to establish the totalitarian state. Moral truths must be known to man in order that he exercise his free will. When the right of the church to teach God's moral law is suppressed, so is the free will of man."

"Shameful, Repugnant" Governor Removes American Flag From Virginia Capitol

RICHMOND, Va. (AP) — The flap over the flag that doesn't fly atop Virginia's State Capitol continued unabated today.

OLD GLORY

Glory and the state ensign fluttering, but only the blue Virginia flag was there to wave.

The state Capitol has only one high flagpole and, on orders of Gov. J. Lindsay Almond Jr., the Virginia ensign now flies there alone. The Stars and Stripes won't go back up until another flagpole is erected. The best guesses are that this will take several months.

The governor — who says he loves and respects the national flag as much as anybody — came in for about equal amounts of applause and boos for his decision to give the state flag the only space available.

The state flag chairman of the Daughters of the American Revolution charged that Almond had dishonored the flag of the United States. Miss Eva Tatum of Clifton Forge, Va., said she was "very much surprised."

"Raise Old Glory"

"Put the flag back," said a telegram from Norfolk. "Unwarranted," said another from Arlington. "Shameful and repugnant," said a third, from Providence, R.I., and three Virginia Beach women wired: "Raise Old Glory." But from Baton Rouge, La., came a telegram that said: "I glory in your spunk. . . Keep the flag down until 1960." A message from West Palm Beach told Almond: "Again you have proven to be the trembling South's only leader." It was signed: "Robert E. Lee's Ghost."

Almond himself merely reiterated that the decision to fly only the state flag, with its Latin motto "Sic Semper Tyrannis"—"ever thus to tyrants"—had no connection with the state's rights fuss generated by the crisis over school integration.

"Equal" Prominence

The governor said he feels that the state flag deserves equal prominence with the national flag. And with only one high flagpole over the Capitol, the flags could be run up just one way.

HERE AND THERE

Radio station WGET is on the alert to render its customary public service for its listeners in the event of a storm.

As in the past, if a snow storm or some other serious emergency should develop which would make it impractical to conduct school classes WGET will announce at regular intervals throughout the early morning hours which schools will close and which will attempt to conduct classes.

With the cooperation of school officials WGET will be notified just as soon as school officials reach a decision and this decision will be broadcast frequently before 8:30 o'clock advising the parents and the school children, grade through high, what to do.

This applies to all the schools in the county.

So, if an emergency arises and you are in doubt about school opening, tune in WGET and you'll learn at first hand.

In the next ten years, highway builders will carve roads through the unexplored, as yet unpassable areas of the world, including the Arctic and Africa.

Engineers in Africa say that the continent is "bursting its shackles" by road building. The biggest project under way there is the 3,000-mile road from Capetown to Nairobi, which will be in its final phase by 1962.

About 2,000 miles of the project are already built. But the toughest part remains: \$30 million worth of road through the uninhabited virgin forests of Rhodesia and Tanganyika. The area to benefit from this highway and its thousands of miles of feeder roads covers three million square miles and 60 million people. The road will open deserts, plains and jungles containing fabulously wealthy mineral loads.

The one billionth dollar in National Forest receipts will be deposited in the Federal Treasury in Washington, D. C., on November 21, according to Hamilton K. Pyles, regional forester, Eastern Region, U. S. Forest Service, with headquarters at Upper Darby, Pa.

This one billion dollars includes gross income from National Forest land since 1905, the year in which the Forest Service was established. In 1938, receipts from the seven National Forests in the Eastern Region totaled nearly 1.5 million dollars.

DR. LANGSAM WRITES BOOK OF RECENT WAR

Expected to have permanent historical value relating to the origin, course, and results of World War II, a new volume, "Historic Documents of World War II," has been edited by Dr. Walter C. Langsam, president of the University of Cincinnati and president of Gettysburg College from 1952 to 1955.

Just published by the D. Van Nostrand Company, Princeton, N. J., the book presents 50 of the most significant documents from the great mass of official literature dealing with the war.

Dr. Langsam, well known as an historian and author, wrote introductory notes which preface each document, giving its historical setting and outlining its significance in history. Some of the documents, appearing originally in foreign languages, were translated by Dr. Langsam.

Covers Wide Range

The documents range from such little-known topics as the official naming of the war to Hitler's private explanation to Mussolini of his reasons for invading Soviet Russia.

Among Dr. Langsam's earlier books is "The World Since 1914," a best seller with more than 20 printings.

In his preface to the documents compilation, Dr. Langsam writes: "During a time in which not only every student but every man and woman must have certain background information in order to understand the day's news and evaluate the policies and actions of a democratic government, it is essential that there be available, in brief form, certain basic source materials concerning the outbreak, conduct, and aftermath of World War II."

CONCERT BY SYMPHONY IS APPRECIATED

A near capacity audience in the Gettysburg High School auditorium Friday night virtually demanded, by its applause, the two encores with which Conductor William Steinberg and the Pittsburgh Symphony Orchestra concluded their program.

Violinist Samuel Thaviu's performance of the second and third movements of the Tchaikovsky violin concerto was obviously much appreciated as was a medley of tunes from "Oklahoma."

Although the entire program, from Handel to Rodgers, was well received, the works in the second half, those on the lighter side, were the audience's favorites.

The two encores, polkas by Johann Strauss, were sprightly and fitting topping for the evening of music. Some music covers missed the first movement of the violin concerto. However, its inclusion may have meant the elimination of something else or a concert a little too long.

First Appearance Here

For the orchestra, it was the first appearance in Gettysburg. Its reception would encourage a repeat engagement. The concert was sponsored by the Manufacturers Light and Heat Co. and tickets were sold by 19 county civic organizations whose community projects will benefit from the entire proceeds.

The executive committee for the concert was Paul L. Roy, chairman, David Blocher, Dr. Harold Dunkelberger, Mrs. Robert J. Kenworthy, Mrs. Floyd King, Kenneth Rinehart and Mrs. Henry M. Scharf.

News Briefs

WORLD BRIEFS

BRUSSELS, Belgium (AP)—A three-day-out strike of electricity and gas workers doused the bright lights in stores at the height of Christmas shopping today.

The government has banned lighting in stores, shop windows, restaurants and other public places. Theaters and movie houses are closed.

The 12,000 strikers, demanding increases of 6 to 20 per cent on their 70 cents an hour average wage, have forced all nonessential industries to close and have put about 500,000 persons out of work.

LONDON (AP)—British advertising has come through its first parliamentary test. But the man who worries over the way it goes about selling everything from soap to miniature trees is disappointed.

Laborite Francis Noe-Baker had hoped for a government inquiry into what he terms "the increasing power of the advertising industry and its influence on our national life."

He called for it in a formal motion in the House of Commons Friday.

The motion set off five hours of talk but no vote.

The lack of a vote meant the motion was shelved at least temporarily. But as far as Noe-Baker is concerned, it meant Britain is threatened with "what happened in America," as he put it.

ANKARA, Turkey (AP)—A special press court has ordered the government newspaper Zafar suspended for one month for insulting an opposition deputy. The paper's publisher Zuhri Uzunbeshe and editor Cenad Yakar received prison sentences totalling 20 months.

The court acted Friday on a suit filed by Dep. Asim Eren of the opposition Peoples Republican party.

LONDON (AP)—The former prime minister of Malta today pressed demands that Britain loosen its grip on the strategic Mediterranean island.

Maltese Labor party leader Dom Mintoff is asking for outright independence.

Colonial Secretary Alan Lennox-Boyd is studying the Mintoff bid, along with another for Commonwealth status from the island's Nationalist party leader Dr. Borg Olivier.

ALGIERS (AP)—A big battle between French forces and well-armed Algerian Nationalist rebels continued into its fifth day in an area 30 miles southeast of Algiers today.

The French army claimed 150 rebels had been killed in that battle and 121 killed in other actions.

DEATHS

NEW ROCHELLE, N.Y. (AP)—Paul R. Mickelson, general news editor of The Associated Press, died Friday in New Rochelle Hospital. He was 59. Death was attributed to a ruptured blood vessel resulting from a hardening of the arteries. Mickelson, whose entire newsgathering career of 36 years was spent with the AP, was general news editor since 1944. He also served in a number of AP bureaus as a general newsman, sports writer and executive. He was born in Mankato, Minn.

NEW ORLEANS (AP)—Mel Ott, 49, former National League home run king and player-manager for the New York Giants, died Friday after surgery in Touro Infirmary. Cause of death was reported as uremia, kidney damage and multiple fractures of both legs and lacerations; injuries suffered in a two-car collision last week. Ott, a member of baseball's Hall of Fame, ranked third behind Babe Ruth and Jimmie Foxx in all-time home runs.

PHILADELPHIA (AP)—John R. Fisher, 70, of Mount Carbon, collapsed and died while he was visiting in center city Friday.

West Germany Favors Use Of Force Against Soviets In "Blockade" Of Berlin

BERLIN (AP)—West German officials advocated today a more forceful use of force against the Soviet Union in the "blockade" of Berlin.

The use of tanks and fighter planes for the purpose of "liberating" Berlin, if necessary to maintain Western links with the city.

The Soviet Foreign Ministry in Moscow has said it will give the Soviet Foreign Ministry in the East German control over all Allied military traffic to West Berlin.

Moscow has said it will give the Soviet Foreign Ministry in the East German control over all Allied military traffic to West Berlin.

Some officials in Bonn favor ignoring satellite controls. They want the West to use tanks and fighter planes if necessary to force their way through East Germany.

There has been no indication the Allies are prepared to run this risk of touching off World War III. Instead, reports from Washington and London indicate the Allies are considering dealing with the East Germans on controls. This would be done without granting recognition and by insisting the East Germans are only the agents of the Russians.

WORLD BRIEFS

BRUSSELS, Belgium (AP)—A three-day-old strike of electricity and gas workers doused the bright lights in stores at the height of Christmas shopping today.

The government has banned lighting in stores, shop windows, restaurants and other public places. Theaters and movie houses are closed.

The 12,000 strikers, demanding increases of 6 to 20 per cent on their 70 cents an hour average wage, have forced all nonessential industries to close and have put about 500,000 persons out of work.

LONDON (AP)—British advertising has come through its first parliamentary test. But the man who worries over the way it goes about selling everything from soap to miniature trees is disappointed. Laborite Francis Noel-Baker had hoped for a government inquiry into what he terms "the increasing power of the advertising industry and its influence on our national life."

He called for it in a formal motion in the House of Commons Friday.

The motion set off five hours of talk but no vote.

The lack of a vote meant the motion was shelved at least temporarily. But as far as Noel-Baker is concerned, it meant Britain is threatened with "what happened in America," as he put it.

ANKARA, Turkey (AP)—A special press court has ordered the government newspaper Zafer suspended for one month for insulting an opposition deputy. The paper's publisher Zubtu Ueubeshie and editor Cenad Yakar received prison sentences totalling 20 months.

The court acted Friday on a suit filed by Dep. Asim Eren of the opposition Peoples Republican party.

LONDON (AP)—The former prime minister of Malta today pressed demands that Britain loosen its grip on the strategic Mediterranean island.

Maltese Labor party leader Dom Mintoff is asking for outright independence.

Colonial Secretary Alan Lennox-Boyd is studying the Mintoff bid, along with another for Commonwealth status from the island's Nationalist party leader Dr. Borg Olivier.

ALGIERS (AP)—A big battle between French forces and well-armed Algerian Nationalist rebels continued into its fifth day in an area 30 miles southeast of Algiers today.

The French army claimed 150 rebels had been killed in that battle and 121 killed in other actions.

DEATHS

NEW ROCHELLE, N.Y. (AP)—Paul R. Mickelson, general news editor of The Associated Press, died Friday in New Rochelle Hospital. He was 59. Death was attributed to a ruptured blood vessel resulting from a hardening of the arteries. Mickelson, whose entire newswriting career of 36 years was spent with the AP, was general news editor since 1944. He also served in a number of AP bureaus as a general newsman, sports writer and executive. He was born in Mankato, Minn.

NEW ORLEANS (AP)—Mel Ott, 49, former National League home run king and player-manager for the New York Giants, died Friday after surgery in Touro Infirmary. Cause of death was reported as uremia, kidney damage and multiple fractures of both legs and lacerations; injuries suffered in a two-car collision last week. Ott, a member of baseball's Hall of Fame, ranked third behind Babe Ruth and Jimmie Foxx in all-time home runs.

West Germany Favors Use Of Force Against Soviets In "Blockade" Of Berlin

BERLIN (AP)—West German officials advocated today a tough Allied policy on Berlin—the use of tanks and fighter planes if necessary to maintain Western links with the city.

The Soviet Foreign Ministry in Moscow summoned several ambassadors "to receive an important document" today. Its nature was not disclosed beforehand but presumably it dealt with Nikita Khrushchev's drive to get the Allies out of West Berlin.

Chancellor Konrad Adenauer of West Germany said he had learned the document would deal with four-power occupation of Berlin. All nations that fought against Nazi Germany in World War II were to receive copies, he said.

Bonn Officials Worried
Officials in Bonn, the West German capital, feared that a Soviet withdrawal from the occupation agreement would lead to Allied negotiations with the Communist East German regime. The officials warned that such a soft policy would increase the standing of the Communist regime, even though

EX-CON LOSES HIS OWN CASE

DOYLESTOWN, Pa. (AP)—Albert A. Kumitis, a 56-year-old Pottsville man had plenty of time to learn the law.

He had been brushing against it for much of his life and had spent 30 of his last 33 years in prison.

Drawing on his experience, he acted as his own lawyer during a trial in which he was accused of being one of five men who took \$12,000 from two safes in Bristol.

Part of his defense was the accusation that President Judge Edward Biester of Bucks County made prejudicial facial expressions during the trial.

His defense failed. Judge Biester sentenced Kumitis, a former Philadelphia, to a 7½-15-year term in prison Friday.

The judge also sentenced four other men who—with Kumitis — were convicted by a July 26, 1957, of removing the safes from the home of Nathan and Peter Grodsky of Bristol on June 16, 1954.

They were David J. Howard, Lake Tract, N. J., 34½ years; Charles P. Ghauri, Hainesport, N. J., 34½ years; Dominick Latanzzi, Bristol, 5½ months — one year; and Stephen V. Burns, Belmont, N. J., 2½ years.

Asks Mental Test For Grandmother

DOYLESTOWN, Pa. (AP) — President Judge Edward Biester wants a mental examination of a grandmother who has been convicted of shooting a hunter, before he sentences her.

The Bucks County jurist committed Mrs. Ellen T. Ruser, 69, to Norristown State Hospital Friday. She will be rearraigned after undergoing observation.

Mrs. Ruser, known as the "flying grandmother" because she received a license to pilot an airplane in 1953, was convicted last June of aggravated assault and battery in the shooting of Russell Smith, 50, of Eddington on her Milford Township farm.

Man Is Acquitted
In Fatal Stabbing

WILLIAMSPORT, Pa. (AP)—A migrant worker was acquitted Friday night in the fatal stabbing of a fellow worker at a farm labor camp near Jersey Shore last Sept. 21.

A Lycoming County jury of eight men and four women deliberated one hour and a half before returning the verdict for David Foster, 32, of Savannah, Ga.

His attorney, Daniel F. Knittle, had pleaded that Foster stabbed 23-year-old Arthur Smalls, also of Savannah, in self-defense. The trial began Wednesday.

Owls To Continue
Playing Football

Temple University has no intention of dropping football or otherwise changing its athletic policy.

Athletic director Josh Cody made this clear Friday after a student newspaper editorial urged discontinuance of the sport and several players were quoted as approving such a move.

Cody said the article, written by Temple News sports editor Nick Xenakis, was only "one man's opinion and definitely did not reflect the attitude of the university administration."

Temple, a member of the Middle Atlantic Conference's University Division, intends to compete at that level of competition, Cody added.

EX-CON LOSES
HIS OWN CASE

DOYLESTOWN, Pa. (AP)—Albert A. Kunitis, a 56-year-old Pottsville man, had plenty of time to learn the law.

He had been brushing against it for much of his life and had spent 30 of his last 33 years in prison. Drawing on his experience, he acted as his own lawyer during a trial in which he was accused of being one of five men who took \$12,000 from two safes in Bristol.

Part of his defense was the accusation that President Judge Edward Biester of Bucks County made prejudicial facial expressions during the trial.

His defense failed. Judge Biester sentenced Kunitis, a former Philadelphia, to a 7½-15-year term in prison Friday.

The judge also sentenced four other men who—with Kunitis—were convicted by a jury Feb. 27, 1957, of removing the safes from the home of Nathan and Peter Grodsky of Bristol on June 16, 1954.

They were David J. Howard, Lake Tract, N. J., 3½-7 years; Charles P. Ghaur, Hainesport, N. J., 1½-5 years; Dominick Lattanzi, Bristol, 5½ months - one year; and Stephen V. Burns, Belmar, N. J., 2-4 years.

Asks Mental Test
For Grandmother

DOYLESTOWN, Pa. (AP)—President Judge Edward Biester wants a mental examination of a grandmother who has been convicted of shooting a hunter, before he sentences her.

The Bucks County jurist committed Mrs. Ellen T. Ruser, 69, to Norristown State Hospital Friday. She will be rearranged after undergoing observation.

Mrs. Ruser, known as the "flying grandmother" because she received a license to pilot an airplane in 1953, was convicted last June of aggravated assault and battery in the shooting of Russell Smith, 50, of Eddington on her Milford Township farm.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times
TEN YEARS AGO
Gettysburg Leads Nation Today In Observance Of 85th Anniversary Of Lincoln's Immortal Address Here: "Four score and seven years ago..."
The prophetic and immortal words of Abraham Lincoln, the martyred president delivered in Gettysburg on November 19, 1863, resounded again in Gettysburg this morning.

From the state of the Majestic theater, with a background of the Gettysburgians dressed in the costumes of the period of 1863, the words of the Gettysburg Address were heard again by a visible audience of more than 800, while untold thousands listened as the program was broadcast by 483 radio stations of the Mutual network.

The program commemorated not only the 85th anniversary of the Gettysburg Address and the dedication ceremonies, but the two-day visit to Gettysburg of the Freedom Train, carrying 127 priceless documents of American Liberty, and the issuance of the special Gettysburg Commemorative Stamp. It was one of the outstanding events in Gettysburg's long list of memorable anniversaries.

The morning's program included not only Lincoln's Gettysburg address, but an inspiring address by Attorney General Tom Clark who flew here from Miami, Fla. to take part in the services and the address of Miss Clara Shatto, Hagerstown, high school girl who was one of four winners in the national contest, "I Speak For Democracy."

New Street Sweeper Put To Work Here: Gettysburg's newest addition to its highway department—the \$7,000 South Bend Guterspee sweeper, arrived Thursday at noon and went into operation on the borough streets almost immediately.

Freedom Train Arrives In Gettysburg: This Freedom Train is in Gettysburg. It arrived at the Reading Station, North Washington street, at 11:38 a.m. Thursday. The beautiful red, white and blue super-streamliner, "The Spirit of 1776" bears as its precious cargo 127 of the most valuable documents this nation possesses. Its arrival was unheralded. Few knew when it would reach Gettysburg, and only scattering of people was at the Reading station when the gleaming train rounded the bend at the end of the yards and pulled slowly up to the station where it remained for a short time before being shunted to its two-day location near the Meade School.

Local Girl Is Wed On Monday
To W. C. O'Dell: Dorothy Jane Rosensteel, daughter of Mr. and Mrs. Charles O. Rosensteel, 13 Steinwehr avenue and Wenzel Carmen O'Dell, son of Mr. and Mrs. John E. O'Dell, New German town, were united in marriage Monday evening in the rectory of St. Francis Xavier church. The Rev. Fr. Louis Forging performed the double ring ceremony.

Girl Scouts Help Needy: Mrs. Wilbur Bankert, Littlestown, chairman of the Junior League committee of Girl Scouts, reported to the Girl Scout Council Monday night that her group had made and shipped 47 clothing kits to needy persons abroad. The Council met in the Girl Scout Little House, East High street. Mrs. Charles Heiter resigned as program chairman and Mrs. Ivan Taylor, York Springs, was approved by the council as county organization chairman.

Today's Talk

THE CHILD'S WORLD

There is no more wonderful world than the Child's World because it is the real world. When the poet wrote:
"Oh Time, in your flight,
Make me a child again, just for tonight!"
it was the restless spirit of the Child World that was talking to him—wanting him to come back. The Child's World is a beautiful "make-believe" world where imagination plays and emotions ebb and flow in the most natural order. It's the time and place of mud pies and giants, skating, excursions to the streams where the fish always bite, of marbles, swimming notes, crochets, fairies, kites—and a thousand things that a child alone can understand.

Let us not forget that a Child's World is always around. That it is ever new, and that we are involved frequently by its hospitality—if we will but remember that we once lived in it.

Let us go back to play—time and time again—back to our toys and our games, our Indians and our trails. Let us never grow up—excepting in kindness and thoughtfulness and bigness of heart. Let us hunt up the "cookie jar" again, seek out the little Mother for comfort, and maybe Dad will write a letter to teacher to let us "off" for the circus that's coming to town—maybe.

Every beautiful tint in the rainbow of God's love should be scattered across the path of Childhood's day. For the great world is the Child's World.

EYES

Eyes are never half so bright
Or never half so fair,
Nor seem to dance with such delight
As when the love light's there.
And, oh, how sad those eyes appear
When love's beyond recall!
Those eyes, bedimmed by many a tear,
Are leaden as the pall.

'Tis love, that makes the eyes so bright;
'Tis love, the sparkling wine
That fills the soul with pure delight
And makes the mind to shine.

County History

Back To Black's Graveyard

By B. F. M. MacPherson

Several months ago the historical and genealogical study of the Upper Marsh Creek burial ground "Black's" was interrupted in order that some timely articles pertaining to the early history of Great Conewago Presbyterian Church might be included in this series of columns. At this time the notes on Black's Graveyard are continued with further data on the Black family.

In the files of the "Adams Centinel" and the "Republican Compiler" the following items, pertaining to the Black family, are to be found under the dates given. In many instances the exact degree of relationship existing between these people is not known, but the facts are given because of their genealogical value.

From Adams Centinel

1. Adams Centinel — Wednesday, December 23, 1812 —

"Married, December 10, 1812, by the Rev. Mr. Boyd, Mr. James Black, of Adams County, Pennsylvania, to Miss Nancy Tait, daughter of Mr. Samuel Tait, of Bloody Run, Bedford County, Pennsylvania."

2. Adams Centinel, Wednesday, June 19, 1816.

"Died, Saturday night, June 15, 1816, at his home in Mountjoy Township, this county, Mr. James Black."

Note:—This could be the James Black mentioned in the above item, as having been married to Nancy Tait in 1812.

3. Adams Centinel, Wednesday, October 16, 1816 —

Dies At Age Of 84

"Died, Sunday, October 13, 1816, in the 84th year of her age, Mrs. Margaret Black, widow of Mr. Henry Black, of Cumberland Township, Adams County, Pennsylvania. Her husband died some time since."

Note:—In all probability Mrs. Margaret Black is buried in the burial ground of Upper Marsh Creek Presbyterian Church in an unmarked grave. Her husband, Henry Black, was undoubtedly a descendant of the pioneer, John Black.

4. Adams Centinel, Wednesday, December 3, 1817 —

"Married, Thursday, December 4, 1817, by the Rev. David McConaughty, Mr. Matthew Black, of Mercer County, Pennsylvania, to Miss Elizabeth Black, of Franklin Township, Adams County, Pennsylvania."

Note:—This Matthew Black was, very likely, the son or grandson of Captain Adam Black and his wife, Sarah Boyd.

5. Adams Centinel — Wednesday, March 17, 1819 —

Married In 1819

"Married, Tuesday, March 9, 1819, by the Rev. David McConaughty, Mr. Thomas W. Black, of Cumberland Township, this County, to Miss Catharine Slentz, daughter of Mr. Jacob Slentz, of Straban Township, this County."

Note:—At the present time nothing definite is known regarding this branch of the Black family.

6. Adams Centinel — Wednesday, September 6, 1820 —

"Died, Thursday, August 31, 1820, Mr. James Black, of Franklin Township, Adams County, Pennsylvania."

Note:—John Black, the pioneer ancestor of the Black family, of the Marsh Creek Settlement, emigrated from Donegal County, Ireland, to the Province of Pennsylvania, Robert Black, the son of John Black, was married to Sarah Malachie and their second child was a son, who was given the name "James." It is logical to suppose that the James Black mentioned above, as well as the one listed in the beginning of this sketch, were descendants of this James Black.

Deaths And Marriages

7. Adams Centinel — Wednesday, July 3, 1822 —

"Died, June 18, 1822, Thomas W. Black, son of Mr. Thomas W. Black, of Mountjoy Township, this County."

Note:—A son of Thomas W. Black and his wife, Catharine Slentz, who were married by the Rev. David McConaughty, of the Upper Marsh Creek Presbyterian church, in 1819.

8. Adams Centinel — Wednesday, May 30, 1827 —

"Married, Thursday, May 24, 1827, by the Rev. Robert S. Grier, Mr. Robert Black to Miss Mary McAllister, both of Cumberland Township, this County."

Note:—Captain Adam Black, the grandson of John Black, the pioneer, was married to Sarah Boyd. Their first child was a son, who was named "Robert." It is logical to suppose that the Robert Black, who married Mary McAllister, was a descendant of the above mentioned Robert Black.

Pioneer Members

It will also be remembered that pioneer members of the McAllister family are buried in the graveyard of Upper Marsh Creek Presbyterian Church (Black's).

9. Republican Compiler — Wednesday, March 14, 1827 —

"Married, Thursday, March 8, 1827, by the Rev. David McConaughty, Mr. John Ash, of Cumberland County, Pennsylvania, to Miss Catharine Black, daughter of Mr. John Black, of Cumberland Township, Adams County, Pennsylvania."

Note:—Captain Adam Black and his wife, Sarah Boyd, had a son, John, who was born August 26, 1783, and died July 1,

JAPAN'S MISSILE

New Book Tells Story Of Kamikaze Corps; Theirs Was The First Guided Missile

JAPAN had a better guided missile fifteen years ago than any nation has today. It has a secret weapon the Japs did not realize they had.

A lower headquarters discovered it quite by accident late in the war.

With it the Japanese sank far more American warship tonnage than was lost in the sneak raid, December, 1941, that obliterated our battleship line anchored in Pearl Harbor.

This weapon sank at least twenty-five American ships. Over 275 others, including some of the largest in the American fleet, were sent limping to dry docks for major repairs. Many of these were still out when the war ended.

All told, 15,000 American servicemen were killed or wounded by these Japanese guided missiles.

NO ARMED FORCE since the beginning of time has faced such a weapon. Before the war ended, the Americans had achieved a complete defense.

It is equally certain that adequate defense will be established against any future missile, none of which can possibly have a better guiding mechanism than those the Japs sent aloft.

The mechanism the Japs put in their missiles was a human brain. That is something the scientists will never improve upon.

THEIR WEAPON, of course,

was the kamikaze, which is normally translated into English as "The Spirit of the Divine Wind."

It was under that rather poetic concept that 4,364 hastily trained, Japanese pilots flew in highly organized, aerial suicide attacks upon American warships during the last ten months of World War II.

The full story of the Kamikaze Corps is told for the first time in a book to be published December 1, by the U.S. Naval Institute ("The Divine Wind," \$4.50), of Annapolis, Maryland.

The authors are two former Japanese naval officers. They were in the corps from its beginning. An American naval reservist, Roger Pineau, is co-author and translator.

THE INITIAL SUCCESS of the suicide attack program in procurement of volunteers came from fanaticism for the emperor and the nation. Their names at Yasukuni Shrine was a guarantee of immortality, perpetual happiness and high rank in the hereafter.

"There is no discrimination at Yasukuni. A man's standing is determined entirely by time of arrival," Commander Nakajima, one of the authors, answered to a query from a group.

"I will outrank you then, Commander, because you will have to send out many more pilots before you can go yourself!"

"Say," called out another, "what shall we do with the commander?"

Fire Loss \$25,000

Approximately \$25,000 was the loss in the fire that destroyed the Stouter bulk petroleum products distributing plant, west of Emmitsburg, Monday morning.

Charles F. Stouter, the owner, is convalescing at his home in Emmitt Gardens after suffering second-degree burns of the face, head and ankles.

Stouter was filling a large tractor-trailer tank from the supply tanks when fire broke out, however he managed to unhook the tractor from the trailer and drive away from the scene. The trailer tank was destroyed in the blaze.

Stouter has three other delivery trucks in operation, Texaco, for which he is a distributor, is assisting him.

HEADS ORIOLES AGAIN

BALTIMORE (AP) — Jim Keely has been re-elected president of Baltimore Orioles Inc., the holding company which controls the operations of the American league baseball club.

Keely was named Friday at an annual meeting which produced no changes in the firm's top management—Zanyl Krueger as treasurer, Robert J. Gill as secretary and J.A.W. Iglehart as board chairman.

mander when he reports in to Yasukuni?"

"Let's make him mess sergeant!" There were roars of approving laughter.

Such was the spirit of the Divine Wind during the early days of the Kamikaze Corps.

AMERICAN VICTORIES, ever nearer the homeland, brought changes in attitudes.

The increasing effectiveness of the American defense was vaguely unknown, but no one knew why. And therein lies an almost fatal weakness of the guided missile as a weapon. There is no report as to success or failure. Without such there can be no intelligent change in either tactics or techniques.

Volunteers became reluctant. They began leaving poignant farewell notes. Members of the Christian faith, however, seemed equally willing to die for Japan, even through this stage of increasing reluctance, but their last letters could hardly have been so comforting to parents and loved ones.

EVERY READER will derive

his own lesson from the strange narrative. There are many. Two or three are suggested above.

Greater than these was the lesson inherent in the absence of young, educated manpower in Japan. Of planes and bombs, Jap factories were producing plenty. Competent pilots could not be trained with equal rapidity. There was not the educated manpower to draw upon.

In this extremity Japan took recourse to one-way flights for both men and planes, crashing the bomb laden plane on the deck of the target. It was a device to which no nation with a high level of mass education need ever be driven.

All the kamikaze pilot, normally a former petty officer, needed to know was how to get the plane from the ground and follow a better trained leader to within sight of the target.

JOHN N. GARNER

OBSERVES 90TH ANNIVERSARY

By DAVE CHEAVENS

UVALDE, Tex. (AP) — Former Vice President John N. Garner celebrated his 90th birthday today and all over town his friends were predicting he would live to be 100.

Leading a parade of high national and state dignitaries who came here to join in the birthday program and barbecue was former President Harry Truman.

He and Garner embraced warmly and clapped each other on the back Friday night at the Uvalde Airport, where Garner and his son, Tully, met Truman and carried him into town in Tully's car.

Garner spent most of Friday greeting a stream of visitors.

He met Truman just a few seconds after the former president disembarked. They were both grinning broadly and obviously glad to see each other.

"Sight For Sore Eyes" "Well, well, well," Truman exclaimed. "How are you. You look wonderful."

"And you are a sight for sore eyes," Garner replied.

With Truman was one of Garner's old congressional friends, federal Judge Ryan Duffy of Chicago. Garner told him and Truman: "Nature has certainly been taking good care of you."

Garner retired in 1941 after serving two terms as vice president in the administration of Franklin D. Roosevelt.

He and Roosevelt fell out politically over the third term and Supreme Court enlargement issues. Garner since has emerged from retirement only a few times, usually to give his beloved Democratic party a lift when it needed it in Texas.

Out Of The Past

TEN YEARS AGO

Gettysburg Leads Nation Today
In Observance Of 85th Anniver-
sary Of Lincoln's Immortal Ad-
dress Here: "Four score and seven
years ago—"

The prophetic and immortal
words of Abraham Lincoln, the
martyred president delivered in
Gettysburg on November 19,
1863, re-echoed again in Gettys-
burg this morning.

From the state of the Majestic
theater, with a background of Get-
tysburgians dressed in the cos-
tumes of the period of 1863, the
words of the Gettysburg Address
were heard again by a visible
audience of more than 800, while
untold thousands listened as the
program was broadcast by 488
radio stations of the Mutual net-
work.

The program commemorated
not only the 85th anniversary of
the Gettysburg Address and the
dedication ceremonies, but the
two-day visit to Gettysburg of the
Freedom Train, carrying 127
priceless documents of American
Liberty, and the issuance of the
special Gettysburg Commemora-
tive Stamp. It was one of the out-
standing events in Gettysburg's
long list of memorable anniver-
saries.

The morning's program includ-
ed not only Lincoln's Gettysburg
address, but an inspiring address
by Attorney General Tom Clark
who flew here from Miami,
Fla. to take part in the services
and the address of Miss Clara
Shatto, Hagerstown, high school
girl who was one of four winners
in the national contest, "I Speak
For Democracy."

**New Street Sweeper Put To
Work Here:** Gettysburg's newest
addition to its highway depart-
ment—the \$7,000 South Bend Gar-
tensnipe sweeper, arrived Thurs-
day at noon and went into opera-
tion on the borough streets al-
most immediately.

**Freedom Train Arrives In Get-
tysburg:** This Freedom Train is
in Gettysburg. It arrived at the
Reading Station, North Washing-
ton street, at 11:38 a.m. Thursday.
The beautiful red, white and
blue super-streamliner, "The Spirit
of '76," bears as its precious
cargo 127 of the most valuable
documents this nation possesses.
Its arrival was unheralded. Few
knew when it would reach Gettys-
burg, and only scattering of peo-
ple was at the Reading station
when the gleaming train round-
ed the bend at the end of the
yards and pulled slowly up to
the station where it remained for
a short time before being shunted
to its two-day location near the
Meade School.

Today's Talk

THE CHILD'S WORLD

There is no more wonderful
world than the Child's World be-
cause it is the realest world. When
the poet wrote:

"Backward, turn backward,
Oh Time, in your flight,
Make me a child again, just
for tonight!"

it was the restless spirit of the
Child World that was talking to
him—wanting him to come back.
The Child's World is a beautiful
"make-believe" world where
imagination plays and emotions
ebb and flow in the most natural
order. It's the time and place of
mud pies and giants, skating, ex-
cursions to the streams where the
fish always bite, of marbles,
swimming holes, circuses, fairies,
kites—and a thousand things that
a child alone can understand.

Let us not forget that a Child's
World is always around. That it
is ever new, and that we are in-
vited frequently to its hospitality
—if we will but remember that
we once lived in it.

Let us go back to play—time
and time again—back to our toys
and our games, our Indians and
our trails. Let us never grow up
— excepting in kindness and
thoughtfulness and bigness of
heart. Let us hunt up the "cookie
jar" again, seek out the little
Mother for comfort, and maybe
Dad will write a letter to teacher
to let us "off" for the circus that's
coming to town—maybe.

Every beautiful tint in the rain-
bow of God's love should be scat-
tered across the path of Child-
hood's day. For the great world
is the Child's World.

EYES

Eyes are never half so bright
Or never half so fair,
Nor seem to dance with such
delight

As when the love light's there.

And, oh, how sad those eyes
appear

When love's beyond recall!

Those eyes, bedimmed by many
a tear,

Are leaden as the pall.

'Tis love, that makes the eyes so
bright;

'Tis love, the sparkling wine
That fills the soul with pure
delight

And makes the mind to shine.

County History

Back To Black's Graveyard

By B. F. M. MacPherson

Several months ago the histori-
cal and genealogical study of
the Upper Marsh Creek burial
ground (Black's) was interrupted
in order that some timely articles
pertaining to the early history of
Great Conewago Presbyterian
Church might be included in this
series of columns. At this time
the notes on Black's Graveyard
are continued with further data
on the Black family.

In the files of the "Adams
Centinel" and the "Republican
Compiler" the following items,
pertaining to the Black family,
are to be found under the dates
given. In many instances the
exact degree of relationship exist-
ing between these people is not
known, but the facts are given
because of their genealogical
value.

From Adams Centinel

1. Adams Centinel — Wednes-
day, December 23, 1812 —

"Married, December 10, 1812, by
the Rev. Mr. Boyd, Mr. James
Black, of Adams County, Penn-
sylvania, to Miss Nancy Tait,
daughter of Mr. Samuel Tait, of
Bloody Run, Bedford County,
Pennsylvania."

2. Adams Centinel, Wednesday,
June 19, 1816.

"Died, Saturday night, June 15,
1816, at his home in Mountjoy
Township, this county, Mr. James
Black."

Note:—This could be the James
Black mentioned in the above
item, as having been married to
Nancy Tait in 1812.

3. Adams Centinel, Wednesday,
October 16, 1816 —

Dies At Age Of 84

"Died, Sunday, October 13, 1816,
in the 84th year of her age, Mrs.
Margaret Black, widow of Mr.
Henry Black, of Cumberland
Township, Adams County, Penn-
sylvania. Her husband died some
time since."

Note:—In all probability Mrs.
Margaret Black is buried in the
burial ground of Upper Marsh
Creek Presbyterian Church in an
unmarked grave. Her husband,
Henry Black, was, undoubtedly,
a descendant of the pioneer, John
Black.

4. Adams Centinel, Wednesday,
December 3, 1817 —

"Married, Thursday, Decem-
ber 4, 1817, by the Rev. David
McConaughy — Mr. Matthew
Black, of Mercer County, Penn-
sylvania, to Miss Elizabeth Black,
of Franklin Township, Adams
County, Pennsylvania."

Note:—This Matthew Black
was, very likely, the son or grand-
son of Captain Adam Black and
his wife, Sarah Boyd.

5. Adams Centinel — Wednes-
day, March 17, 1819 —

Married in 1819

"Married, Tuesday, March 9,
1819, by the Rev. David Mc-
Conaughy, Mr. Thomas W. Black,
of Cumberland Township, this
County, to Miss Catharine Slenz,
daughter of Mr. Jacob Slenz, of
Straban Township, this County."

Note:—At the present time
nothing definite is known regard-
ing this branch of the Black
family.

6. Adams Centinel — Wednes-
day, September 6, 1820 —

"Died, Thursday, August 31,
1820, Mr. James Black, of Frank-
lin Township, Adams County,
Pennsylvania."

Note:—John Black, the pioneer
ancestor of the Black family,
of the Marsh Creek Settlement,
emigrated from Donegal County,
Ireland, to the Province of Penn-
sylvania. Robert Black, the son
of John Black, was married to
Sarah Malachie and their second
child was a son, who was given
the name "James." It is logical
to suppose that the James Black
mentioned above, as well as the
one listed in the beginning of this
sketch, were descendants of this
James Black.

Deaths And Marriages

7. Adams Centinel — Wednes-
day, July 3, 1822 —

"Died, June 18, 1822, Thomas
W. Black, son of Mr. Thomas W.
Black, of Mountjoy Township,
this County."

Note:—A son of Thomas W.
Black and his wife, Catharine
Slenz, who were married by the
Rev. David McConaughy, of the
Upper Marsh Creek Presbyterian
church, in 1819.

8. Adams Centinel — Wednes-
day, May 30, 1827 —

"Married, Thursday, May 24,
1827, by the Rev. Robert S. Grier,
Mr. Robert Black to Miss Mary
McAllister, both of Cumberland
Township, this County."

Note:—Captain Adam Black,
the grandson of John Black, the
pioneer, was married to Sarah
Boyd. Their first child was a son,
who was named "Robert." It is
logical to suppose that the Robert
Black, who married Mary Mc-
Allister, was a descendant of the
above mentioned Robert Black.

Pioneer Members

It will also be remembered
that pioneer members of the Mc-
Allister family are buried in the
graveyard of Upper Marsh Creek
Presbyterian Church (Black's).

9. Republican Compiler —

Wednesday, March 14, 1827 —

"Married, Thursday, March 8,
1827, by the Rev. David Mc-
Conaughy, Mr. John Ash, of
Cumberland County, Penn-
sylvania, to Miss Catharine Black,
daughter of Mr. John Black, of
Cumberland Township, Adams
County, Pennsylvania."

Note:—Captain Adam Black
and his wife, Sarah Boyd, had
a son, John, who was born
August 26, 1783, and died July 1,

1834. John Black was married to
Kate Spohn. Catharine (Black)
Ash was probably a member of
this branch of the family.

10. Republican Compiler,
Wednesday, January 21, 1829 —

"Died, Thursday, January 15,
1829, Mrs. Maria Elizabeth Black,
wife of Mr. John Black, of Cum-
berland Township, this County."

Unmarked Grave

Note:—The mother of Catharine
Black was married to John Ash
in 1827. Maria Elizabeth Black is
probably buried in the Upper
Marsh Creek Presbyterian Cem-
tery in an unmarked grave.

11. Adams Centinel — Tuesday,
January 31, 1832 —

"Distressing Accident — We
learn that a child of Mr. Robert
Black Jr. fell into a kettle of
boiling tallow on Friday or Sat-
urday last, which occasioned its
death in a few hours."

Note:—A child of Robert Black
Jr. and his wife, Mary McAllis-
ter, who were married by the
Rev. Robert S. Grier in 1822.

12. Adams Centinel — Monday,
December 16, 1833 —

"Died, Sabbath morning, Decem-
ber 8, 1833, Mr. John Black,
of Cumberland Township, Adams
County, this County."

Another Unmarked Grave

Note:—The husband of Maria
Elizabeth Black, who died in 1827,
and the father of Catharine Black,
the wife of John Ash. In all prob-
ability John Black is buried in
Black's graveyard (Upper Marsh
Creek Presbyterian) in an un-
marked grave.

13. Adams Centinel — Monday,
January 30, 1834 —

"Married, January 15, 1834, by
the Rev. J. C. Watson — Mr. John
McPherson, of this borough (Get-
tysburg, Pa.), to Miss Margaret
Black, daughter of Mr. John
Black, deceased, of Cumberland
Township, this County."

Note:—The daughter of John
and Maria Elizabeth Black, both
deceased, and the sister of Cath-
arine (Black) Ash.

Couple Is Married

14. Adams Centinel — Monday,
February 17, 1834 —

"Married, Wednesday evening,
February 10, 1834, by the Rev.
Charles G. McLean, Mr. Henry
Black, of Cumberland Township,
this County, to Miss Ellen Kerr,
daughter of George Kerr, Esq.,
of this borough (Gettysburg)."

Note:—The bridegroom in this
case was probably the son of Hen-
ry and Margaret Black, both de-
ceased, of Cumberland Township,
this County.

15. Adams Centinel — Monday,
November 2, 1835 —

Melancholy Case

"A Melancholy Case — A most
heart-rending case of Hydrophobia
has taken place in the vicinity of
Dillsburg, York Co., Pa. About six
weeks since, Mr. Matthew Black,
near that place, was bitten by a
dog, which happened to be mad.
Last Tuesday morning (October
13, 1835) he experienced strange
sensations; when water was pre-
sented, he immediately took
spasms — in one of which he
died on October 22, 1835. He has
left a wife and several small
children."

Note:—Probably a son of grand-
son of Captain Adam Black, sol-
dier of the Revolution. Matthew
Black was married to Elizabeth
Black, by the Rev. David Mc-
Conaughy, in 1817.

The historical and genealogical
study of Black's Graveyard (Up-
per Marsh Creek Presbyterian)
will be continued next week.

JAPAN'S MISSILE
New Book Tells Story Of
Kamikaze Corps; Their
Was The First Guided
Missile

JAPAN had a better guided
missile fifteen years ago than
any nation has today. It has a
secret weapon the Japs did not
realize they had.

A lower headquarters discov-
ered it quite by accident late in
the war.

With it the Japanese sank far
more American warship tonnage
than was lost in the sneak raid,
December, 1941, that obliterated
our battleship line anchored in
Pearl Harbor.

This weapon sank at least twen-
ty-five American ships. Over 275
others, including some of the
largest in the American fleet,
were sent limping to dry docks
for major repairs. Many of these
were still out when the war ended.

All told, 15,000 American service
men were killed or wounded by
these Japanese guided missiles.

NO ARMED FORCE since the
beginning of time has faced such
a weapon. Before the war ended,
the Americans had achieved a
complete defense.

It is equally certain that ade-
quate defense will be established
against any future missile, none
of which can possibly have a bet-
ter guiding mechanism than those
the Japs sent aloft.

The mechanism the Japs put in
their missiles was a human brain.
That is something the scientists
will never improve upon.

THEIR WEAPON, of course,
was the kamikaze, which is nor-
mally translated into English as
"The Spirit of the Divine Wind."

It was under that rather po-
etic concept that 4,364 hastily
trained, Japanese pilots flew in
highly organized, aerial suicide
attacks upon American warships
during the last ten months of
World War II.

The full story of the Kamikaze
Corps is told for the first time
in a book to be published Decem-
ber 1, by the U.S. Naval Institute
("The Divine Wind," \$4.50), of
Annapolis, Maryland.

The authors are two former
Japanese naval officers. They
were in the corps from its be-
ginning. An American naval re-
servist, Roger Pineau, is co-au-<

Mel Ott, Former Giants' Slugger, Dies Of Injuries

NEW ORLEANS (AP) — The sports world bids farewell today to Mel Ott, New York Giant immortal and a member of baseball's Hall of Fame.

Ott, 49, died Friday. Physicians had tried for a week to check complications from injuries he received in an automobile collision a week ago.

Ott went into major league baseball as a boy. He went to play for the Giants at age 16. He played for 22 seasons.

The wreck near Bay St. Louis, on Mississippi's Gulf Coast, killed the driver of the other car, Leslie Curry Sr., 50, and seriously injured Ott's wife, Mildred.

Wife Is Injured
Mrs. Ott still was under treatment for injuries. She was transferred from a Gulfport, Miss., hospital to one here Friday night.

Ott was brought to a local hospital Thursday when his condition worsened due to a kidney malfunction.

He underwent an eight-hour operation, requiring an artificial kidney and specialists, to correct a blocked kidney. Another operation was required Friday when the ailment reappeared. He died in the afternoon. His two daughters and a brother were at his bedside.

Stoneham Breaks Vacation

Horace Stoneham, president of the Giants, now playing out of San Francisco, cut short a vacation in Ciudad Trujillo, Dominican Republic, and flew to New York.

Stoneham said Ott was "not only a great Giant player but a very dear personal friend also."

Ott, a native of nearby Gretna, was 16 years old when he was recommended to Giants' Manager John J. McGraw.

Ott came to New York as a catcher, but was converted to an outfielder. Ott went on to break records of records before retiring in 1947.

Managed Giants
Ott managed the Giants between 1942 and midseason of 1948. He managed Oakland in the Pacific Coast League for two seasons before leaving baseball in January, 1953.

He went into a construction business here and resided in suburban Metairie. In 1955 he became a broadcaster for Detroit Tigers' home games.

Ott holds the National League record for most home runs, 511. Only Babe Ruth and Jimmy Fox, who played in both the National and American leagues have hit more.

Survivors include his daughters, Mrs. Philip Lorio and Miss Barbara Ott; his mother, Mrs. Charles Ott Sr.; Gretna; a brother, Charles Ott of Harvey; a sister, Mrs. Louis Rhodes of Gretna, and one grandson.

FROSH DEFEAT STEVENS TRADE IN FINAL 41-7

Jack Ridinger's Gettysburg College freshman football team wound up its season with a 3-2 record by clobbering Stevens Trade, an old nemesis, 41-7 here Friday afternoon. It was the first triumph in six years for a freshman team over the Lancaster school.

The yearlings scored in every period to win handily.

After several exchanges of punts in the first quarter when play was confined to the visitors' territory, Frank Matozza returned a punt from midfield to the Trademen's 20. Gary Lentz hit center for five yards and then Matozza went off-tackle on a counter play to score from the 15. Earl Little's placement for the point was wide.

Early in the second period the Bullets marched 20 yards for a score. Lentz pounded through the middle from the one. Little's kick added the point.

Don Steunour, Gettysburg end, pounced on a Stevens Trade fumble on the Gettysburg 40 to open the way to another Bullet tally. Featured by the running of Terry Looker, Lentz and Matozza and the passing of Little, the yearlings went 60 yards for their third score. The payoff play was a perfect 30-yard pass from Little to Harry Richter who made a diving catch in the end zone. Again Little added the point on a placement.

Aerials Connect
Shortly after the third period kickoff Bill Sarvis, tackle, recovered a fumble on the Trademen's 45. Little connected with Richter for a first down on the 35 and then Little hit Steunour with another beautiful aerial in the end zone for the score. Little kicked the point to make it 27-0.

Another fumble by the Trademen eventually led to a second TD in the third period. Phil Warren, end, recovered on the Gettysburg 35. George Williams, quarterback, piloted the freshmen to the eight but Stevens Trade braced and took over. The visitors advanced to midfield but Don Carpenter intercepted a pass on the Gettysburg 40 and from that point drove for a score. The key play was a Williams to Matozza pass good for 25 yards. The TD came on another aerial, Williams to Richter. Carpenter split the up-rights to add the point.

85-Yard Punt Return
Stevens Trade got its only score early in the fourth period when Brown returned a Bullet punt 85 yards on a beautiful, side-stepping, twisting scamper. Yadius plunged for the point.

The final score of the afternoon was set up when Quint Garber pounced on a fumble on the visitors' 15. Little passed to Carpenter for 12 yards and on the next play Carpenter cracked over on a dive play. Little again kicked the point.

Score by periods:
Gettysburg..... 6 14 14 7—41
Stevens Trade..... 0 0 0 7—7

Touchdowns: Gettysburg — Matozza, Lentz, Richter, 2; Steunour, Carpenter; Stevens Trade — Brown, PAT. Little 4; placements; Carpenter, placement; Yadius, plunge.

CRUCIAL TESTS FACE COLLEGE ELEVEN TODAY

By BEN OLAN
Associated Press Sports Writer

College football, with only one more weekend remaining before it gets the boot, hit its most important phase of the 1958 season today.

There's Louisiana State's bid to cap its first perfect season in 30 years, the settling of five conference races, the filling in of several bowl positions and an interesting nationally televised encounter between Iowa and Notre Dame.

LSU, the nation's top-ranked team, met Tulane in Tulane Stadium. The Tiger's were looking for the victory that would enable them to finish with a 10-0 record and a host spot in the Sugar Bowl. They could also sew up the Southeastern Conference title.

Crown At Stake
An LSU defeat coupled with an Auburn triumph over Wake Forest would give the SEC crown to the Alabama team. But, in that case, LSU would still probably get the Sugar Bowl bid. Auburn is ineligible for bowl competition because of NCAA probation.

Also up for grabs are the championships in the Pacific Coast Conference, the Ivy League, Southwest and Skyline conferences, and the Cotton Bowl.

In the only games of import on Friday night's platter, Houston defeated Miami of Florida 3-26 behind the sparkling performance of quarterback Don McDonald and Iowa State came from behind to edge San Jose State 9-6.

Rose Bowl Test
McDonald ran for two touchdowns, passed for a third and added three extra points.

California hoped to clear up the Pacific Coast Conference and Rose Bowl picture. If Cal beats Stanford, the Golden Bears capture the crown. But if they lose and Washington State, Oregon State and Southern California win, all four will be in the running and a vote will be taken to decide who goes to the Rose Bowl.

A Texas Christian victory over Rice would sew up the Southwest Conference title and give the host spot in the Cotton Bowl to TCU.

The Orange Bowl Committee is keeping its eyes on the Syracuse-West Virginia game. Should Syracuse win, it likely will be invited to the Jan. 1 game in Miami.

Cincinnati suffered two reverses. In addition to dropping their ninth game in 11 starts, the Royals lost the services of St. Green, 1956 Duquesne All-American.

Green collapsed in the first period and was taken to a hospital. A doctor said the NBA rookie suffered a cerebral spasm after being jarred during a scrimmage under the Philadelphia basket.

Hospital authorities said that Green's condition was good.

HOUSTON, Tex. (AP)—The St. Louis Cardinals are abandoning the club that started the farm system in baseball.

They are doing it because Houston wasn't able to advance to Class AAA and also because they feel they can't operate in a city that has major league ambitions.

Severing of relations with Houston was announced Thursday by Art Rosenzweig, business manager of the Cardinals. It brought to an end a union that started back in 1921 when Branch Rickey bought an interest in the Texas League club and started the farm system in baseball. The Cardinals took over full ownership in 1925.

IRISH TEAM LEADING GOLF TOURNAMENT

By JACK RUTLEDGE
MEXICO CITY (AP) — Ireland and England are fighting again today. But this time it's on a golf course.

Scene: The lush 7,216-yard par 72 Club de Mexico golf course where 62 players from 32 countries entered third round play of the International Golf Championships and Canada Cup matches.

Ireland is in first place. England is only four strokes behind as a team. The Irish-English match, last to tie off at noon, is the day's feature.

Stocky, cheerful 44-year-old Harry Bradshaw of Dublin, playing the steadiest and best golf of the tournament, Friday took over the individual lead and shot his team into the No. 1 spot.

Bradshaw and teammate Christy O'Connor, both long time Ryder Cup players, lead the United States team of Ben Hogan and Sam Snead by two slim points—286 to 288.

Hagen Has Trouble
Bradshaw shot his second straight two-under-par 70 Friday while Snead turned in a 71 and Hogan, having putting trouble, was one over par with 73. This gave Bradshaw 140, Snead 143, Hogan 145. Belgium's Florin van Donck had 142. Colombia's Miguel Sala, who led the opening round, was tied for third with Snead.

Leading teams behind Ireland and the U.S. were Australia (292 points), England (293), South Africa (294), Scotland (296), Argentina (295), Spain (296), China (297), Columbia (298), Japan, the Philippines and Wales (300 each).

The two member team with the lowest score wins the Canada Cup trophy, the individual winner becomes International champion.

Green, former Duquesne University great three seasons ago, was admitted for observation to Hahnemann Hospital, where x-rays were taken.

Green staggered away from a jarring scrimmage, unable to keep his balance, bewildered as to where he was or who he was. Teammates caught him before he fell.

The incident recalled the collapse of Maurice Stokes, another Royal's star, who was overcome last March 15 while flying to Cincinnati from a game in Detroit.

He was taken to a Covington, Ky., hospital where he lay in a coma for several weeks.

Slowly recovering from what was diagnosed as a brain disease called encephalopathy, Stokes was moved last July to Chris Hospital in Cincinnati. Doctors virtually have written off return to action for the 6-6 former St. Francis of Loretto, Pa., player.

The 6-2 Green, of Brooklyn, N.Y., also collapsed before the start of a Royals-Boston Celtics exhibition game in Lewiston, Maine, Oct. 9. A doctor said he fainted because of a virus.

LEADS TOURNEY BY 2 STROKES
WEST PALM BEACH, Fla. (AP)—Pete Cooper nursed a two-stroke lead at the mid-point in the \$15,000 West Palm Beach Invitational Golf Tournament today.

The Lakeland, Fla., pro set a new competitive course record Friday with a 33-30—63 and a 12-day total of 133, which is 12 strokes under par for the 6,743-yard layout.

Wesley Ellis Jr. of Alderbrook, N.J., who with Bert Weaver of Beaumont, Tex., set a record of 65 on Thursday, took 68 strokes Friday for 133. Weaver signed to a 70 and tied for third with Mike Souchak of Grossingers, N.Y., who shot 66 on opening day and 69 Friday.

Dow Finsterwald of Tequesta, Fla., and Arnold Palmer of Latrobe, Pa., were deadlocked at 136, followed by Bill Casper Jr. of Apple Valley, Calif.; Art Wall Jr. of Pocono Manor, Pa., and Bo Winger of Odessa, Tex., at 137.

SNARES CROSS COUNTRY TITLE
PHILADELPHIA (AP) — Earl Jefferson appeared on his way to victory last year in the Middle Atlantic Conference cross country championship when he fell. He scrambled up and managed to finish fifth.

He took a second crack at the four-and-a-half mile Cobbs Creek course Friday and made the most of it.

He paced the distance in 24:49 to whip St. Joseph's Hal Thorsen by four seconds for first place and led his team to the MAC title. LaSalle's victory broke St. Joseph's string of 11 straight championships.

The Explorers topped the Hawks by one point—43 to 44.

Other team scores were Lafayette 118; West Chester 134; Rutgers 145; Juniata 184; Lehigh 195; Dickinson 219; Swarthmore 228; and Elizabethtown 264.

AUSSIES TRIM YANKEE PAIR IN FIVE SETS
SYDNEY, Australia (AP) — The shoe was on the other foot for the United States Davis Cup squad in the New South Wales tennis championships today.

Where Earl Buchholz of St. Louis surprised Australians Friday by upsetting Mal Anderson, today it was Hamilton Richardson, of Arlington, Va., and Barry MacKay, of Dayton, Ohio, who fell by the wayside.

Buchholz kept up his hot pace, however, and salvaged some pride for the Americans as he powered his way into the quarter-finals. He whipped Graham Lovett 6-4, 8-6, 6-1 to maintain his mark of not having lost a set in this tourney.

Gruelling Match
Richardson bowed to seventh ranked Bob Mark in a gruelling 2½-hour match 2-6, 6-4, 5-7, 7-5, 7-5. MacKay went down before Ashley Cooper, the Wimbledon champion, 6-3, 11-9, 6-4. Alex Olmedo, the other U.S. Davis Cupper still in contention, will not play his third round against Trevor Fancutt, South Africa, until Sunday.

Buchholz and Chris Crawford, of Piedmont, Calif., were eliminated from the doubles in the first round by the Melbourne brothers Wayne and Doug Reid. The Reids won 5-7, 6-5, 6-3, 6-4 in a match which started Friday and finished today. Darkness halted play Friday night.

FAVOR COLTS OVER RAMS BY SEVEN POINTS

By JIM KENSIL

Associated Press Sports Writer

It's the Colts by seven, and Shaw or Unitas pick 'em.

The pregame show Sunday will belong to Baltimore Coach Weeb Ewbank when he chooses between the two star quarterbacks. Then it will be up to the Colts, led by either George Shaw or Johnny Unitas, to make good on the seven-point favoritism over the Los Angeles Rams.

The Colts (7-1) are leading the National Football League's Western Conference by two games, and Los Angeles (5-3) is tied for second with the Chicago Bears. A record Baltimore professional football crowd — 57,557 — will turn out to see if the Colts, who have whipped the Bears twice, can turn back the challenge of the Rams who have won three straight. The teams meet again Dec. 6 in Los Angeles.

Bears Vs. Lions

Sunday's game is the big one because a Colt victory will put the Rams three games back with three to play.

The Bears are in the Detroit Lions Sunday in the other important Western Conference game, while the Cleveland Browns, Eastern Conference front-runners, are home to Philadelphia. The Bears are three-point underdogs to the much-improved Lions (3-4-1), while the Browns (6-2) are 12-point favorites to whip the Eagles (2-5-1) and at least maintain their one-game lead over the New York Giants.

Giants Are Favored

The Giants (5-3) are given the nod by three points over the Washington Redskins (3-5) at New York, and the Giants must keep pace with Cleveland until they get another crack at the Browns Dec. 14 in the season windup.

In other games, San Francisco (3-5) and Green Bay (1-6-1) play a lower rung Western Conference contest at Milwaukee, and Pittsburgh (4-4) hopes to move up on the Giants with a victory at Chicago over the Cardinals (2-5-1).

The choice between the uncanny Unitas and the spectacular Shaw will be a tough one for Ewbank and may be influenced by how fully Unitas has recovered from

The yearlings scored in every period to win handily.

After several exchanges of punts in the first quarter when play was confined to the visitors' territory, Frank Matozza returned a punt from midfield to the Tradersmen's 20. Gary Lentz hit center for five yards and then Matozza went off-tackle on a counter play to score from the 15. Earl Little's placement for the point was wide.

Early in the second period the Bulls marched 20 yards for a score. Lentz pounded through the middle from the one. Little's kick added the point.

Don Steiner, Gettysburg end, pounced on a Stevens Trade fumble on the Gettysburg 40 to open the way to another Bull tally. Featured by the running of Terry Looker, Lentz and Matozza and the passing of Little, the yearlings went 60 yards for their third score. The payoff play was a perfect 30-yard pass from Little to Harry Richter who made a diving catch in the end zone. Again Little added the point on a placement.

Aerials Connect

Shortly after the third period kickoff Bill Sarvis, tackle, recovered a fumble on the Tradersmen's 45. Little connected with Richter for a first down on the 35 and then Little hit Steiner with another beautiful aerial in the end zone for the score. Little kicked the point to make it 27-0.

Another fumble by the Tradersmen eventually led to a second TD in the third period. Phil Wargo, end, recovered on the Gettysburg 35. George Williams, quarterback, piloted the freshmen to the eight but Stevens Trade braced and took over. The visitors advanced to midfield but Don Carpenter intercepted a pass on the Gettysburg 40 and from that point drove for a score. The key play was a Williams to Matozza pass good for 25 yards. The TD came on another aerial. Williams to Richter. Carpenter split the up-rights to add the point.

85-Yard Punt Return

Stevens Trade got its only score early in the fourth period when Brown returned a Bullet punt 85 yards on a beautiful, side-stepping, twisting scamper. Yabus plunged for the point.

The final score of the afternoon was set up when Quint Garber pounced on a fumble on the visitors' 15. Little passed to Carpenter for 12 yards and on the next play Carpenter cracked over on a dive play. Little again kicked the point.

OPPOSE HIKE IN GAS TAX

HARRISBURG (AP) — The national road system should not be financed through an increase in the federal taxes on gasoline, says the Pennsylvania Motor Federation.

"An increase in federal gasoline tax implies that the federal - aid program is to be continued as a financial obligation of motor vehicle owners only," declared C. E. Pugh, secretary-manager of the PMF, an affiliate of the national American Automobile Assn.

Pugh called for a broad-based tax to pay for highway expansion "rather than impose additional federal taxation on the users."

The present federal tax on gasoline is three cents a gallon. Some federal officials have suggested a cent to a cent and a half increase. The state gasoline tax is five cents.

HARRISBURG (AP)—Aud. Gen. Charles C. Smith reported that the cost of operating Rockview State Penitentiary during the year ended May 31, 1957, was \$1,470,692.

The total, according to a newly completed audit, showed an increase of \$164,146 in operating costs of the penal institution, Smith said in a report.

CRUCIAL TESTS FACE COLLEGE ELEEVNS TODAY

By BEN OLAN

Associated Press Sports Writer

College football, with only one more weekend remaining before it gets the boot, hit its most important phase of the 1958 season today.

There's Louisiana State's bid to cap its first perfect season in 50 years, the settling of five conference races, the filling in of several bowl positions and an interesting nationally televised encounter between Iowa and Notre Dame.

LSU, the nation's top-ranked team, met Tulane in Tulane Stadium. The Tiger's were looking for the victory that would enable them to finish with a 10-0 record and a host spot in the Sugar Bowl. They could also set up the Southeastern Conference title.

Crown At Stake

An LSU defeat coupled with an Auburn triumph over Wake Forest would give the SEC crown to the Alabama team. But, in that case, LSU would still probably get the Sugar Bowl bid. Auburn is ineligible for bowl competition because of NCAA probation.

Also up for grabs are the championships in the Pacific Coast Conference, the Ivy League, South-west and Skyline conferences. Invites to the Rose, Orange and Cotton Bowls.

In the only games of import on Friday night's platter, Houston defeated Miami of Florida 3-26 behind the sparkling performance of quarterback Don McDonald and Iowa State came from behind to edge San Jose State 9-6.

Rose Bowl Test

McDonald ran for two touchdowns, passed for a third and added three extra points.

California hoped to clear up the Pacific Coast Conference and Rose Bowl picture. If Cal beats Stanford, the Golden Bears capture the crown. But if they lose to Washington State, Oregon State and Southern California win, all four will be in the running and a vote will be taken to decide who goes to the Rose Bowl.

A Texas Christian victory over Rice would set up the Southwest Conference title and give the host spot in the Cotton Bowl to TCU.

The Orange Bowl Committee is keeping its eyes on the Syracuse-West Virginia game. Should Syracuse win, it likely will be invited to the Jan. 1 game in Miami.

Nab Four More For Evading Tax

PHILADELPHIA (AP) — Four naval base employees who live outside Philadelphia have been added to the list of workers caught up in a drive against evaders of the city wage tax.

The city has taken action against 75 workers at federal installations here in the past year, charging they failed to pay their wage tax debt.

Arrested Friday were John J. Cunningham of Laurel Springs, N. J.; Warrington E. Anderson of Magnolia, N. J.; Robert W. Atkins of Media, Pa.; and Wilson J. Henry Jr. of Lamott, Cheltenham Twp., Pa.

The city solicitor's office said Cunningham agreed to settle the claims against him. The other men posted \$300 bail each after a Municipal Court hearing, pending a further hearing.

IRISH TEAM LEADING GOLF TOURNAMENT

By JACK RUTLEDGE

MEXICO CITY (AP) — Ireland and England are fighting again today. But this time it's on a golf course.

Scene: The lush 7,216-yard par 72 Club de Mexico golf course where 62 players from 32 countries entered third round play of the International Golf Championships and Canada Cup matches.

Ireland is in first place. England is only four strokes behind as a team. The Irish-English match, late to tee off at noon, is the day's feature.

Stocky, cheerful 44-year-old Harry Bradshaw of Dublin, playing the steadiest and best golf of the tournament, Friday took over the individual lead and shot his team into the No. 1 spot.

Bradshaw and teammate Christy O'Connor, both long time Ryder Cup players, lead the United States team of Ben Hogan and Sam Snead by two slim points—286 to 288.

Hagen Has Trouble

Bradshaw shot his second straight two-under-par 70 Friday while Snead turned in a 71 and Hogan, having putting trouble, was one over par with 73. This gave Bradshaw 140, Snead 143, Hogan 145, Belgium's Florin van Donck had 142. Colombia's Miguel Sala, who led the opening round, was tied for third with Snead.

Leading teams behind Ireland and the U.S. were Australia (292 points), England (293), South Africa (294), Scotland (294), Argentina (295), Spain (296), China (307), Columbia (298), Japan, the Philippines and Wales (300 each).

The two member team with the lowest score wins the Canada Cup trophy, the individual winner becomes International champion.

FIGHTS MAR KNICKS' WIN OVER CELTICS

By THE ASSOCIATED PRESS

The Boston Celtics are hot under the collar. The New York Knickerbockers are hot under the collar and on the basketball court.

The Celtics outpunched, but did not outscore the Knicks Friday night as New York swept its seventh straight National Basketball Assn. victory, 112-106.

Tom Heinsohn of Boston, who bounded a couple of blows off the head of New York's Willie Naulls, was ejected from the game. Heinsohn engaged in a fist fight with Phil Jordan of Detroit earlier this week.

Jim Loscutt of Boston and Ken Sears of the Knicks were also involved in Friday night's fracas. Loscutt tagged Sears with a right hand and wrestled him to the floor midway in the third quarter.

First Of Doubleheader

The game was the opener of a doubleheader at Philadelphia. In the second contest, the Philadelphia Warriors defeated the Cincinnati Royals 108-90.

The Knicks roared to a 61-39 lead at halftime. Carl Braun of the Knickerbockers was the high scorer with 26 points. Boston's Bill Russell had 25.

The triumph enabled the winners to increase their leading margin in the Eastern Division to 2½ games. Syracuse follows the Knicks.

Cincinnati suffered two reverses. In addition to dropping their ninth game in 11 starts, the Royals lost the services of St. Louis, 1956 Duquesne All-American.

Green collapsed in the first period and was taken to a hospital. A doctor said that the NBA rookie suffered a cerebral spasm after being jarred during a scrimmage under the Philadelphia basket.

Hospital authorities said that Green's condition was good.

HOUSTON, Tex. (AP)—The St. Louis Cardinals are abandoning the club that started the farm system in baseball.

They are doing it because Houston isn't able to advance to Class AAA and also because they feel they can't operate in a city that has major league ambitions.

Severing of relations with Houston was announced Thursday by Art Rountzong, business manager of the Cardinals. It brought to an end a union that started back in 1921 when Branch Rickey bought an interest in the Texas League club and started the farm system in baseball. The Cardinals took over full ownership in 1926.

Aim For Low-Cost Beef Cattle Gain Says Adams County Agent F. S. Zettle

By FRANK S. ZETTLE
Adams County Farm Agent

Current high feeder cattle prices will probably narrow profit margins considerably during the coming year. Many cattle will sell for less per pound than they cost, so cheap gains are the best answer for most feeders.

Since there is a lot of corn this fall, it looks like most cattle feeders will have some cheap grain to feed. One of the reasons replacement cattle prices are so high is because many grain producers expect to market their product through cattle.

Stalk fields and late fall pasture will give initial gains at a low feed cost. When turned into stalk fields cattle should be provided with one to two pounds of supplement per head daily. Cattle can do a good job of cleaning up behind the corn picker, but don't let them stay on the stalks too long. When the easy-to-get grain and leaves and gone, rate of gain drops fast.

Use Plenty Of Forage

Many feeders have kept feed costs low by utilizing a maximum amount of forage in their feeding programs. However, forage has its limitations, and must be supplemented to give cheapest gains. For example: grass sil-

age, when full fed, should be supplemented with about five or six pounds of ground ear corn, and one-half pound of protein (35 percent) daily to give cheapest gains. Oats silage will need the same amount of corn, but the protein should be increased to one pound daily.

Use of hormones, such as stilbestrol, will stimulate gains. It can be added to the feed or implanted in the ears of cattle. This growth stimulating hormone has increased gains about 17 per cent in tests at Penn State and elsewhere.

Each season of the year creates a different problem when it comes to egg quality. In the spring it's dirty eggs because of wet weather. . . . in the summer it is the heat. . . . then the dry weather in the fall. And in winter the cold weather makes us start up the furnace. . . . and drying out eggs in home cellars may occur.

Eggs should be gathered in cold weather just as often as during the summer. During the morning when most of the eggs are laid, the animal heat won't have a chance to escape from all the eggs. . . . because some nests will have birds laying in them over the whole morning.

Once the eggs are gathered, it's not the best idea to leave them in the feed room for any length of time. If the feed room is heated, the quality of the eggs may be affected. . . . and if it's unheated, the eggs may freeze.

In the basement of your home the heat from the furnace will break down the egg white. . . . and the dry air will enlarge the air cells and cause mottling of the egg shell. Loss of quality usually occurs if there is any serious amount of mottling. A small room partitioned off in a corner of the house cellar makes it possible to provide excellent conditions for keeping those eggs at the very top quality.

Get Ewe Flock Set

A little attention to the ewe flock in November may prevent costly disease and parasite losses this winter. Most of these jobs can best be done before cold weather sets in.

Consideration of the following points should be made for a pre-winter checkup:

1. Worm the ewe flock just before they are taken off pasture for the winter. A dose of phenothiazine, followed in three weeks by a nicotine-copper sulfate drench, is indicated for most Pennsylvania flocks.
2. Examine winter feeding and watering facilities to be sure they will not be contaminated by manure this winter. This will eliminate wintertime build-up of internal parasites.
3. A high pressure spray or dip using 2 pounds of 25 per cent wettable Lindane powder per 100 gal-

The Weeders Guide

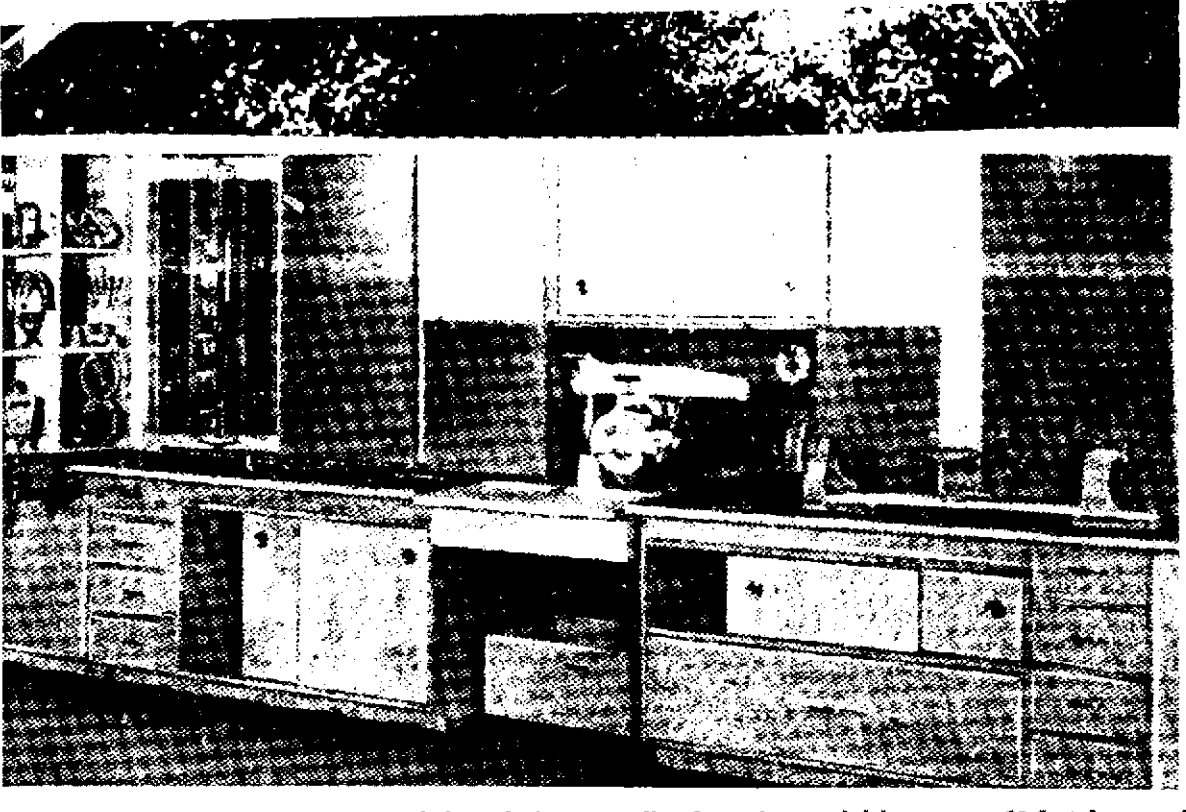

By CYNTHIA LOWRY
AP Newsfeatures Writer
CHAPPAQUA, N. Y. — If Santa is listening, what I want for Christmas this year is a copy of "The Joy of Gardening" by Victoria Sackville-West, who apparently is able to communicate her enthusiasm for the soil the way Beverly Nichols and Louis Bromfield can.

Certainly no gardener ever has enough garden books. I have a large bookcase full of them and still welcome each addition. Thus for the Christmas shopper who is stumped for a gift to a gardener, a good bookstore is a perfect place to end the dilemma.

There is an endless literary variety. For beginner gardeners, helpful how-to-do it books are particularly valuable. There are any number of basic practical garden guides on the market at a variety of prices which cover flowers, vegetables, shrubs, trees and soil conditioning. I think three basic books are indispensable: a garden encyclopedia, a pruning guide and a volume on pests and their destruction.

A garden encyclopedia — in which plants and insects are listed alphabetically — is a great help for quick reference on species and plant culture. There are at least two good ones on the market, one of which is coming out in a revised edition. There is Everett P. Christopher's "The Pruning Manual," published by Macmillan, which I consult faithfully before opening my pruning shears, and "The Gardener's Bug Book," by Dr. Cynthia Westcott, which not only identifies each insect pest by name and colored picture, but gives specific information on the best way to dispatch same. Doubleday is the publisher.

More advanced gardeners are likely to develop special interests. And there are many specialist's garden books on the market. My library contains books on ferns, on geraniums, on orchids, on roses, on chrysanthemums, on bulbs, on perennials, on annuals, on herbs. There are any number of books on how-to-landscape, on laying out one's grounds, on using shrubs and trees to decorate it. There are

Compact Efficiency: Here's a workshop design crowding lots of potential in a space 18 feet long and 8 feet high. The saw stand slides out for use, the lathe goes into a drawer when not needed. Cabinets and drawers offer 150 square feet of storage space.

Nobody ever has enough room for a home workshop.

It may seem so when the workshop is first set up. But there always comes a time when space suddenly is at a premium — even when not a single new tool or machine has been added.

The "place-for-everything and everything-in-its-place" program is fine in theory but never quite works out that way. A large step in that direction can be taken, however, when the "place-for-everything" part of the setup is so convenient and attractive that the "everything-in-its place" portion almost naturally follows.

A demonstration of space efficiency, featuring a complete built-in workshop for the home handyman and hobbyist, is attracting thousands of persons in New York City's Grand Central

books on house plants — and several volumes on African violet culture and a couple on window-box gardening.

Most of us have wandered into our hobby some time after we struggled through our high school courses in botany. There are many fine, interestingly written books on the subject. Gardening becomes a much more fascinating hobby when one is able to tell a stigma from a style and has enough information to identify a female holly from the male. There are books on soil and there are books on weeds.

And there are also color picture books of famous and lovely gardens, charming books of personal gardening adventures — like those written by Miss Sackville-West, and the Messers, Nichols and Bromfield. There are gardening books for children and there are funny books about gardening, like those written by Reginald Arkell.

If a book doesn't seem just right, how about a subscription to a gardening magazine? There are some with national distribution, and others which are circulated regionally.

Pensacola Port Is Destroyed By Fire

ENSACOLA, Fla. (AP) — A raging fire destroyed more than two million dollars worth of waterfront facilities early Friday and apparently put the port of Pensacola out of business for a time.

The spectacular blaze — sending flames several hundred feet high and lighting up a large area — burned two piers and large warehouses down to the waterline. No one was reported injured.

A shipping authority estimated damage at between two and five million dollars.

One official commented that docks were the only ones here with facilities for oceangoing vessels.

BUFFALO, N.Y. (AP) — Henry W. Osborne, traffic director for the city of Buffalo, was at a church dinner when a policeman took the floor to ask the owner of such-and-such an automobile to move it because it was blocking a doctor's driveway.

Osborne, heading for the door, explained he hadn't seen the drive way in the dark.

Current high feeder cattle prices will probably narrow profit margins considerably during the coming year. Many cattle will sell for less per pound than they cost, so cheap gains are the best answer for most feeders.

Since there is a lot of corn this fall, it looks like most cattle feeders will have some cheap grain to feed. One of the reasons replacement cattle prices are so high is because many grain producers expect to market their product through cattle.

Stalk fields and late fall pasture will give initial gains at a low feed cost. When turned into stalk fields cattle should be provided with one to two pounds of supplement per head daily. Cattle can do a good job of cleaning up behind the corn picker, but don't let them stay on the stalks too long. When the easy-to-get grain and leaves are gone, rate of gain drops fast.

Use Plenty Of Forage

Many feeders have kept feed costs low by utilizing a maximum amount of forage in their feeding programs. However, forage has its limitations, and must be supplemented to give cheapest gains. For example: grass sil-

age, when full fed, should be supplemented with about five or six pounds of ground ear corn, and one-half pound of protein (35 per cent) daily to give cheapest gains. Oats silage will need the same amount of corn, but the protein should be increased to one pound daily.

Use of hormones, such as stilbestrol, will stimulate gains. It can be added to the feed or implanted in the ears of cattle. This growth stimulating hormone has increased gains about 17 per cent in tests at Penn State and elsewhere.

Each season of the year creates a different problem when it comes to egg quality. In the spring it's dirty eggs because of wet weather. . . . in the summer it is the heat. . . . then the dry weather in the fall. And in winter the cold weather makes us start up the furnace. . . . and drying out eggs in home cellars may occur.

Eggs should be gathered in cold weather just as often as during the summer. During the morning when most of the eggs are laid, the animal heat won't have a chance to escape from all the eggs. . . . because some nests will have birds laying in them over the whole morning.

Once the eggs are gathered,

it's not the best idea to leave them in the feed room for any length of time. If the feed room is heated, the quality of the eggs may be affected. . . . and if it's unheated, the eggs may freeze. In the basement of your home the heat from the furnace will break down the egg white. . . . and the dry air will enlarge the air cells and cause mottling of the egg shell. Loss of quality usually occurs if there is any serious amount of mottling. A small room partitioned off in a corner of the house cellar makes it possible to provide excellent conditions for keeping those eggs at the very top quality.

Get Ewe Flock Set

A little attention to the ewe flock in November may prevent costly disease and parasite losses this winter. Most of these jobs can best be done before cold weather sets in.

Consideration of the following points should be made for a pre-winter checkup:

1. Worm the ewe flock just before they are taken off pasture for the winter. A dose of phenothiazine, followed in three weeks by a nicotine-copper sulfate drench, is indicated for most Pennsylvania flocks.

2. Examine winter feeding and watering facilities to be sure they will not be contaminated by manure this winter. This will eliminate wintertime build-up of internal parasites.

CHAPPAQUA, N. Y. — If Santa is listening, what I want for Christmas this year is a copy of "The Joy of Gardening" by Victoria Sackville-West, who apparently is able to communicate her enthusiasm for the soil the way Beverly Nichols and Louis Bromfield can.

Certainly no gardener ever has enough garden books. I have a large bookcase full of them and still welcome each addition. Thus for the Christmas shopper who is stumped for a gift to a gardener, a good bookstore is a perfect place to end the dilemma.

There is an endless literary variety. For beginner gardeners, helpful how-to-do it books are particularly valuable. There are any number of basic practical garden guides on the market at a variety of prices which cover flowers, vegetables, shrubs, trees and soil conditioning. I think three basic books are indispensable: a garden encyclopedia, a pruning guide and a volume on pests and their destruction.

A garden encyclopedia — in which plants and insects are listed alphabetically — is a great help for quick reference on species and plant culture. There are at least two good ones on the market, one of which is coming out in a revised edition. Then there is Everett P. Christopher's "The Pruning Manual," published by Macmillan, which I consult faithfully before opening my pruning shears, and "The Gardener's Bug Book," by Dr. Cynthia Westcott which not only identifies each insect pest by name and colored picture, but gives specific information on the best way to dispatch same. Doubleday is the publisher.

More advanced gardeners are likely to develop special interests. And there are many specialist's garden books on the market. My library contains books on ferns, on geraniums, on orchids, on roses, on chrysanthemums, on bulbs, on perennials, on annuals, on herbs. There are any number of books on how-to-landscape, on laying out one's grounds, on using shrubs and trees to decorate it. There are

ions of water will eliminate costly losses from external parasites. Spray the stable with double strength solution.

4. Where scours in baby lambs was a problem last spring, thoroughly clean out the lambing pens and scrub them with hot disinfectant solution. A can of lye in 25 gallons of hot water is excellent for this purpose.

5. Check the housing and bedding supply for the ewe flock. Sheep are indifferent to cold weather if they can get into a dry, draft-free place.

6. Set aside a month's supply of the best quality hay to feed the ewe flock in the period just before lambing.

DAVE'S WALLPAPER AND PAINT STORE

Compact Efficiency: Here's a workshop design crowding lots of potential in a space 18 feet long and 8 feet high. The saw stand slides out for use, the lathe goes into a drawer when not needed. Cabinets and drawers offer 150 square feet of storage space.

Nobody ever has enough room for a home workshop.

It may seem so when the workshop is first set up. But there always comes a time when space suddenly is at a premium — even when not a single new tool or machine has been added.

The "place-for-everything and everything-in-its-place" program is fine in theory but never quite works out that way. A large step in that direction can be taken, however, when the "place-for-everything" part of the setup is so convenient and attractive that the "everything-in-its place" portion almost naturally follows.

A demonstration of space efficiency, featuring a complete built-in workshop for the home handyman and hobbyist, is attracting thousands of persons in New York City's Grand Central

books on house plants — and several volumes on African violet culture and a couple on window-box gardening. Most of us have wandered in to our hobby some time after we struggled through our high school courses in botany. There are many fine, interestingly written books on the subject. Gardening becomes a much more fascinating hobby when one is able to tell a stigma from a style and has enough information to identify a female holly from the male. There are books on soil and there are books on weeds.

And there are also color picture books of famous and lovely gardens, charming books of personal gardening adventures — like those written by Miss Sackville-West, and the Messrs. Nichols and Bromfield. There are gardening books for children and there are funny books about gardening, like those written by Reginald Arkell.

If a book doesn't seem just right, how about a subscription to a gardening magazine? There are some with national distribution, and others which are circulated regionally.

Pensacola Port Is Destroyed By Fire

ENSACOLA, Fla. (AP) — A raging fire destroyed more than two million dollars worth of waterfront facilities early Friday and apparently put the port of Pensacola out of business for a time.

The spectacular blaze — sending flames several hundred feet high and lighting up a large area — burned two piers and large warehouses down to the waterline. No one was reported injured.

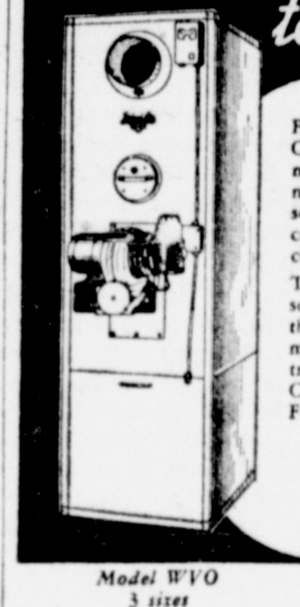

A shipping authority estimated damage at between two and five million dollars.

One official commented that docks were the only ones here with facilities for oceangoing vessels.

BUFFALO, N.Y. (AP) — Henry W. Osborne, traffic director for the city of Buffalo, was at a church dinner when a policeman took the floor to ask the owner of such-and-such an automobile to move it because it was blocking a doctor's driveway.

Osborne, heading for the door, explained he hadn't seen the drive way in the dark.

U.S. 4TH AMONG CATHOLICS OF WORLD TODAY

By TOM HENSHAW
AP Religion Writer

The appointment of two more American cardinals last week points up the phenomenal growth of the Roman Catholic Church in the United States in 80 years.

Few people realize the United States is the fourth largest nation in terms of Catholic population. The church claims approximately 35 million communicants in the 49 states.

The figure is surpassed only by France, with 36 million, Italy, 48 million; and Brazil, 54 million.

Among Top In Cardinals
Yet there were scarcely five million Catholics in the United States when the Most Rev. John McCloskey, archbishop of New York, was named the first American cardinal in 1875 by Pope IX.

When Archbishops Richard J. Cushing of Boston and John F. O'Hara of Philadelphia don their red hats next month the United States will have four cardinals. Only Italy (29) and France (8) will have more.

Archbishops Cushing and O'Hara will be the 13th and 14th American cardinals. Twelve of them were born in the United States and two in Ireland—John Cardinal Farley of New York and John Cardinal Glennon of St. Louis.

Cardinal 35 Years
Three of them served their church as cardinals for 50 years or more. James Cardinal Gibbons of Baltimore wore the red hat 35 years; William Cardinal O'Connell of Boston 33 years; and Dennis Cardinal Dougherty of Philadelphia 30 years.

Four New York archbishops have been cardinals, more than any other American archdiocese. In addition to McCloskey and

Couple Separates After Knife Fight

LOS ANGELES (AP)—Singer Helen O'Connell says she and her husband, novelist Thomas I. Chamales, have separated since a knife episode that put him in jail.

Chamales was booked Monday night on suspicion of assault with a deadly weapon.

Police said they were summoned to the vocalist's Brentwood home by her daughter of a previous marriage, Jacqueline Smith, 14. The girl told them Chamales had threatened his wife with an 8-inch kitchen knife.

"I wasn't threatening anyone with a knife," police quoted him.

"When my wife and I argue, everything is normal until Jackie enters into it. Then things get out of hand."

Backs Armed Force In Berlin Blockade

TULSA, Okla. (AP)—Sen. Paul Douglas (D-Ill.) declared that if the Eisenhower administration chooses to use armed force to break a second blockade in Berlin, the action would receive support from him and other Democrats in Congress.

The outspoken legislator replied to questions by newsmen at a dinner Thursday night.

He said this country has a choice of two alternatives in the Berlin crisis—break a second blockade "with an armored column or use the airlift as was done in the first blockade."

"Both would be supported by Democrats," he said.

Farley, they have been Patrick Cardinal Hayes and the current Francis Cardinal Spellman.

Other American cardinals have been George Cardinal Mundelein and Samuel Cardinal Stritch, both of Chicago; Edward Cardinal Mooney of Detroit; and James Cardinal McIntyre of Los Angeles.

The Most Rev. Amleto Cicognani is the sixth apostolic delegate to Washington to be named a cardinal. All five of his predecessors eventually were the red hat.

The first bishop of Boston, the most Rev. Jean-Louis de Cheverus, who served from 1808 to 1823, later became a cardinal in 1836 when he was the archbishop of Bordeaux, France.

Italian-born Ignazio Persico, bishop of Savannah, Ga., from 1870 to 1873, also became a cardinal after leaving these shores. He was stationed in the Vatican when he was named.

World Briefs

MOSCOW (AP)—A Soviet moon-mapping expert, N. P. Barabash, said Friday in Izvestia that "it must be assumed the time is not far off when the world learns about the first moon flight."

His statement was interpreted here as a broad hint that Russia may shoot or the moon soon. He wrote.

"It is necessary now to prepare a detailed atlas of the moon's surface for the first space travellers, including the minutest details of height of mountains, depth of abysses and degree of inclination of craters walls, permitting good orientation for long trips on the surface of the moon without fear of getting lost among the enormous number of often very similar mountains."

TAIPEI (AP)—Widespread uprisings against the commune system in Red China were predicted Friday by the top Nationalist leader on Communist affairs, Chen Chien-chung, who is head of the research and psychological warfare section of the Kuomintang, Chiang Kai-shek's ruling party.

He said the system was a delayed action bomb which would one day blow up the Communist regime.

TAIPEI (AP)—Communist-artillery resumed firing fully at the Quemoy Islands Friday. It was another odd-numbered day in the on-and-off duel over the Nationalist-held offshore islands.

AMMAN, Jordan (AP)—The United States has ordered \$404,000 worth of railway equipment from Japan to renovate Jordan's single railway, the U. S. Embassy announced Friday.

An agreement has just been approved in Washington, the embassy said.

HOSPITAL HEAD ASKS FOR LEAVE

HARRISBURG (AP)—Dr. Leslie Angus, superintendent of Selinsgrove State School, is on a requested leave of absence from his post today due to ill health.

Dr. John E. Davis, commissioner of mental health, said Thursday that the illness probably would keep Dr. Angus from state service for about three months.

Dr. Angus was appointed superintendent at Selinsgrove on April 30, 1956. For 25 years prior to that, he was associated with several private institutions including Devereux Schools, Devon, and the Wood Schools, Langhorne.

Dr. Daniel Kirk, now superintendent of the Pennhurst Annex at White Haven, has been named acting superintendent of Selinsgrove during Dr. Angus' absence. Dr. Kirk, 33, a native of Lima, Pa., came to White Haven in 1957 from the Elwyn Training School, Elwyn, Pa., where he was clinical director.

POLICE TO GET 40-HOUR WEEK

NORRISTOWN, Pa. (AP)—The vote of an out-of-town judge has assured policemen here of a 40-hour work week and their first pay in more than a month.

Judge Henry G. Sweney of Delaware County, assigned to break a deadlock among four Montgomery County judges, voted in favor of the 40-hour week Thursday. The vote was 3-2.

The issue arose Oct. 19 when Burgess Merritt W. Bosler cut the work hours of the town's 50 policemen from 48 to 40 and continued the same pay rate.

The borough council said Bosler's act was illegal because, in effect, it fixed wages. The council refused to pay the policemen. The judges ordered the salaries paid and promised a decision on the length of the work week.

Judges William F. Dannehower and E. Arnold Forrest voted for 40 hours. Judges David E. Groshens and Morris Gerber for 48. The state Supreme Court assigned Sweney to crack the deadlock.

Baby Is Killed By Family Car

NORTHUMBERLAND, Pa. (AP)—A 3-year-old boy, Rickey Jackson, fell out of an automobile driven by his father Thursday afternoon and was crushed to death beneath the wheels of the car.

The father, Dr. Ralph Jackson, was driving the family automobile out of the driveway, with the child sitting on the front seat.

While the father was looking out of the car window to the left the right-side door apparently came open, and the boy fell out of the car.

Dr. and Mrs. Jackson drove the boy to the nearby Sunbury Hospital where he was pronounced dead.

Penn State Plans Summer Courses

UNIVERSITY PARK, Pa. (AP)—Pennsylvania State University has taken the first tentative step toward eliminating the traditional summer vacation. One aim is to fill the voids in a college student's education.

Dr. Eric Walker, president of the university, announced Thursday that as of next summer undergraduate courses will be given all year.

The students won't be required to attend summer school.

The summer program also is designed to help handle the sharp enrollment increase expected during the next decade.

Sees Prospects For School Measures

WASHINGTON (AP)—A congressman who had no luck with school construction legislation last session said Friday its prospects are bright in the new Congress.

"I feel confident such a bill will be introduced," Rep. Frank Thompson (D-N.J.) told a reporter.

"I feel the chances for its passage are better than ever before."

Thompson sponsored a bill last session to authorize 1½ billion dollars in federal aid to school construction over a five-year period. A tie vote kept it bottled up in the House Education Committee.

In 1957 the House, on a 208-203 vote, killed a bill which also would have authorized 1½ billion in aid. School segregation and states' rights were issues in the fight.

"KISS ME KATE" LAUDED AS GAY ROMP, DELIGHT

By CHARLES MERCER
AP Television Writer
NEW YORK (AP)—"Kiss Me Kate," as presented by "Hallmark Hall of Fame" on NBC-TV Thursday night, was a gay romp, a delight.

Given an outstanding cast thoroughly experienced in the leading roles, the basic question was this: could the 2½-hour Broadway hit musical by Samuel and Bella Spewack, with music by Cole Porter, be reduced to 90 minutes of television without suffering in the process?

Thanks chiefly to the direction of George Schaefer, the translation to television was totally successful. It played beautifully and swiftly.

Taped in Advance

The fact that the production was taped in advance because of a strike threat by the American Federation of Television and Radio Artists, did not tarnish its glow as live, spontaneous television.

Alfred Drake and Patricia Morison offered the delightful voice and verve they displayed on Broadway as they romped the sets and sang such numbers as "Wunderbar" and "So In Love."

Julie Wilson, who played Bianca on the road and in London, had gratifying gusto as the happy boyden. When she belted "Always True to You in My Fashion," you wondered why she isn't seen and heard more often on the home screen.

As a couple of underworld collection agents, Harvey Lembeck and Jack Klugman were fine.

Gets 10-20 Years In Korean Grad Slaying

PHILADELPHIA (AP)—The second of nine defendants involved in the street corner slaying of Korean graduate student has been given the maximum sentence.

"Let this be a warning to other convicted criminals," said Judge Elhan Allen Doty after he sent Franklin Marshall, 17, to Eastern State Penitentiary for 10 to 20 years.

A jury found Marshall guilty of second degree murder Friday for his role in the gang slaying of In-Ho Oh, a University of Pennsylvania student, near the campus last April 25.

Another defendant, Alfonso Borum, 19, was found guilty of first degree murder and sentenced to death. The other defendants still face trial. All are Negroes.

A. P. EDITOR PASSES AWAY

NEW ROCHELLE, N.Y. (AP)—Funeral services will be held Sunday for Paul R. Mickelson, 59, general news editor of The Associated Press for 14 years.

Mickelson, who became ill Thursday, died Friday in New Rochelle Hospital. Death was attributed to a ruptured blood vessel resulting from hardening of the arteries.

Services have been scheduled for 3 p.m. at Christ Church, Pelhamdale Ave. and Shore Road, Pelham Manor.

Among survivors are his widow, Zerelda, and three children, Carol, Judith and Michael.

Other survivors include a brother, Walter, publisher of New Ulm, Minn.; and three sisters, Mrs. Edward W. Nyström and Mrs. Martin Grindheim, both of St. Paul, Minn., and Mrs. Lynne Brown of Flagstaff, Ariz.

PONTIAC, Mich. (AP)—Palmer Bundy, owner of a suburban Springfield township farm, reportedly hunters illegally using a light to attract and hold the attention of deer at night, shot and killed his three-year-old shorthorn Durham.

JACKSONVILLE, Fla. (AP)—One source of gripes about military service — the unpleasant inoculation needle — may become only a memory.

The Navy has completed evaluation tests at nearby Cecil Field on a new painless vaccine injector capable of inoculating 1,000 persons an hour.

The gun-like device forces vaccine through the skin at a speed of 1,000 feet per second.

SALEM, N.H. (AP)—Anyone who deigns to congratulate George Gelt on his good fortune on winning three turkeys in a lottery may expect to get knocked on the noggin with a drumstick.

U.S. 4TH AMONG CATHOLICS OF WORLD TODAY

By TOM HENSHAW
AP Religion Writer

The appointment of two more American cardinals last week points up the phenomenal growth of the Roman Catholic Church in the United States in 80 years.

Few people realize the United States is the fourth largest nation in terms of Catholic population. The church claims approximately 35 million communicants in the 49 states.

The figure is surpassed only by France, with 36 million; Italy, 48 million; and Brazil, 54 million.

Among Tops In Cardinals
Yet there were scarcely five million Catholics in the United States when the Most Rev. John McCloskey, archbishop of New York, was named the first American cardinal in 1875 by Pope IX.

When Archbishops Richard J. Cushing of Boston and John F. O'Hara of Philadelphia don their red hats next month the United States will have four cardinals. Only Italy (29) and France (8) will have more.

Archbishops Cushing and O'Hara will be the 13th and 14th American cardinals. Twelve of them were born in the United States and two in Ireland — John Cardinal Farley of New York and John Cardinal Glennon of St. Louis.

Cardinal 35 Years
Three of them served their church as cardinals for 30 years or more. James Cardinal Gibbons of Baltimore wore the red hat 35 years; William Cardinal O'Connell of Boston 33 years; and Dennis Cardinal Dougherty of Philadelphia 30 years.

Four New York archbishops have been cardinals, more than any other American archdiocese. In addition to McCloskey and

Couple Separates After Knife Fight

LOS ANGELES (AP) — Singer Helen O'Connell says she and her husband, novelist Thomas T. Chamales, have separated since a knife episode that put him in jail. Chamales was booked Monday night on suspicion of assault with a deadly weapon.

Police said they were summoned to the vocalist's Brentwood home by her daughter of a previous marriage, Jacqueline Smith, 14. The girl told them Chamales had threatened his wife with an 8-inch kitchen knife.

"I wasn't threatening anyone with a knife," police quoted him. "When my wife and I argue, everything is normal until Jackie enters into it. Then things get out of hand."

Backs Armed Force In Berlin Blockade

TULSA, Okla. (AP) — Sen. Paul Douglas (D-Ill.) declared that if the Eisenhower administration chooses to use armed force to break a second blockade in Berlin, the action would receive support from him and other Democrats in Congress.

The outspoken legislator replied to questions by newsmen at a dinner Thursday night.

He said this country has a choice of two alternatives in the Berlin crisis — break a second blockade "with an armored column or use the airlift as was done in the first blockade."

"Both would be supported by Democrats," he said.

Farley, they have been Patrick Cardinal Hayes and the current Francis Cardinal Spellman.

Other American cardinals have been George Cardinal Mundelein and Samuel Cardinal Stritch, both of Chicago; Edward Cardinal Mooney of Detroit; and James Cardinal McIntyre of Los Angeles.

The Most Rev. Amleto Cicognani is the sixth apostolic delegate to Washington to be named a cardinal. All five of his predecessors eventually wore the red hat.

The first bishop of Boston, the most Rev. Jean-Louis de Cheverus, who served from 1808 to 1823, later became a cardinal in 1836 when he was the archbishop of Bordeaux, France.

Italian-born Ignazio Persico, bishop of Savannah, Ga., from 1870 to 1873, also became a cardinal after leaving these shores. He was stationed in the Vatican when he was named.

World Briefs

MOSCOW (AP) — A Soviet moon-mapping expert, N. P. Barabashov, said Friday in Izvestia that "it must be assumed the time is not far off when the world learns about the first moon flight."

His statement was interpreted here as a broad hint that Russia may shoot for the moon soon. He wrote:

"It is necessary now to prepare a detailed atlas of the moon's surface for the first space travellers, including the minutest details of height of mountains, depth of abysses, and degree of inclination of crater walls, permitting good orientation for long trips on the surface of the moon without fear of getting lost among the enormous number of often very similar mountains."

TAIPEI (AP) — Widespread uprisings against the commune system in Red China were predicted Friday by the top Nationalist expert on Communist affairs, Chen Chien-chung, who is head of the research and psychological warfare section of the Kuomintang, Chiang Kai-shek's ruling party. He said the system was a delayed action bomb which would one day blow up the Communist regime.

TAIPEI (AP) — Communist-artillery resumed firing fitfully at the Quemoy Islands Friday. It was another odd-numbered day in the on-and-off duel over the Nationalist-held offshore islands.

AMMAN, Jordan (AP) — The United States has ordered \$484,000 worth of railway equipment from Japan to renovate Jordan's single railroad, the U. S. Embassy announced Friday.

An agreement has just been approved in Washington, the embassy said.

The 200-mile railroad runs south from Syria through Amman to Naph Ishtar, about 50 miles from Jordan's only port at Aqaba.

ALASSIO, Italy (AP) — Gen. Vittorio Ambrosio, 79, chief of the Italian general staff during the latter part of World War II, died Thursday.

RANGOON, Burma (AP) — The first consignment of American arms and equipment for the Burmese army was unloaded here Friday.

JAYCEES HAVE LADIES NIGHT

Approximately 35 persons attended the ladies night banquet of the Taneytown Junior Chamber of Commerce Monday in the Taney Inn. A roast turkey dinner was served.

Program Chairman James Fair, toastmaster for the occasion, introduced Miss Janet Royer who showed the group her color slides taken in Puerto Rico during her service there. She also told of her work and experiences on the island.

President J. Robert Waddell welcomed the ladies and guests and announced the plans for coming events of the Jaycees. A brief meeting followed. John Dutterer was elected secretary to fill the unexpired term of the former secretary, John Skiles, who recently entered the service.

Several selections were sung by the Jaycee chorus, Herbert Bowers, Ellwood Harner, Robert Royer and Paul Roop, with Jim Fair at the piano. John Fream won the door prize.

The Jaycees were requested to help on several projects Sunday afternoon. They are to meet at the J. W. Supply Co. at 1 p.m. or slightly thereafter.

HOSPITAL HEAD ASKS FOR LEAVE

HARRISBURG (AP) — Dr. Leslie A. Angus, superintendent of Selinsgrove State School, is on a requested leave of absence from his post today due to ill health.

Dr. John E. Davis, commissioner of mental health, said Thursday that the illness probably would keep Dr. Angus from state service for about three months.

Dr. Angus was appointed superintendent at Selinsgrove on April 30, 1956. For 25 years prior to that he was associated with several private institutions including Devereux Schools, Devon, and the Wood Schools, Langhorne.

Dr. Daniel Kirk, now superintendent of the Pennhurst Annex at White Haven, has been named acting superintendent of Selinsgrove during Dr. Angus' absence. Dr. Kirk, 39, a native of Lima, Pa., came to White Haven in 1957 from the Elwyn Training School, Elwyn, Pa., where he was clinical director.

POLICE TO GET 40-HOUR WEEK

NORRISTOWN, Pa. (AP) — The vote of an out-of-town judge has assured policemen here of a 40-hour work week and their first pay in more than a month.

Judge Henry G. Sweeney of Delaware County, assigned to break a deadlock among four Montgomery County judges, voted in favor of the 40-hour week Thursday. The vote was 3-2.

The issue arose Oct. 19 when Burgess Merritt W. Bosler cut the work hours of the town's 50 policemen from 48 to 40 and continued the same pay rate.

The borough council said Bosler's act was illegal because, in effect, it fixed wages. The council refused to pay the policemen. The judges ordered the salaries paid and promised a decision on the length of the work week.

Judges William F. Dannehower and E. Arnold Forrest voted for 40 hours. Judges David E. Groshens and Morris Gerber for 48. The state Supreme Court assigned Sweeney to crack the deadlock.

Baby Is Killed By Family Car

NORTHUMBERLAND, Pa. (AP) — A 3-year-old boy, Rickey Jackson, fell out of an automobile driven by his father Thursday afternoon and was crushed to death beneath the wheels of the car.

The father, Dr. Ralph Jackson, was driving the family automobile out of the driveway, with the child sitting on the front seat.

While the father was looking out of the car window to the left the right-side door apparently came open, and the boy fell out of the car.

Dr. and Mrs. Jackson drove the boy to the nearby Sunbury Hospital where he was pronounced dead.

Penn State Plans Summer Courses

UNIVERSITY PARK, Pa. (AP) — Pennsylvania State University has taken the first tentative step toward eliminating the traditional summer vacation. One aim is to fill the voids in a college student's education.

Dr. Eric Walker, president of the university, announced Thursday that as of next summer undergraduate courses will be given all year.

The students won't be required to attend summer school. The summer program also is designed to help handle the sharp enrollment increase expected during the next decade.

Sees Prospects For School Measures

WASHINGTON (AP) — A congressman who had no luck with school construction legislation last session said Friday its prospects are bright in the new Congress.

"I feel confident such a bill will be introduced," Rep. Frank Thompson (D-N.J.) told a reporter.

Thompson sponsored a bill last session to authorize 1½ billion dollars in federal aid to school construction over a five-year period. A tie vote kept it bottled up in the House Education Committee.

In 1957 the House, on a 208-203 vote, killed a bill which also would have authorized 1½ billion in aid. School segregation and states' rights were issues in the fight.

Minor Casualties
As a couple of underworld collection agents, Harvey Lembeck and Jack Klugman were fine. Contrary to some published reports "Too Darn Hot" was not dropped because it was too darn hot for TV. It and "Were Thine That Special Face," having no part in advancing the plot, were minor casualties in reducing the playing time.

"Old Man" Superb
"Playhouse 90" on CBS-TV presented a superb adaptation of William Faulkner's "Old Man," an ironic tale of duty and human endurance.

Beautifully written by Horton Foote and imaginatively directed by John Frankenheimer, the Fred Coe production demonstrated that a superior television drama can adhere faithfully to an original story.

Sterling Hayden gave a great performance as a proud, inarticulate heroic convict in the 1927 Mississippi flood who endured an inferno of nature and man in his single-minded effort to attain personal integrity.

Integrity to him meant returning to the state prison farm after he'd been sent out to rescue from the flood a pregnant, sunbrowned Susan, eloquently portrayed by Geraldine Page.

This was a tremendous drama, one of the finest of the season, notable in cast, direction and production.

"KISS ME KATE" LAUDED AS GAY ROMP, DELIGHT

By CHARLES MERCER
AP Television Writer

NEW YORK (AP) — "Kiss Me Kate," as presented by "Hallmark Hall of Fame" on NBC-TV Thursday night, was a gay romp, a delight.

Given an outstanding cast thoroughly experienced in the leading roles, the basic question was this: could the 2½-hour Broadway hit musical by Samuel and Bella Spewack, with music by Cole Porter, be reduced to 90 minutes of television without suffering in the process?

Thanks chiefly to the direction of George Schaefer, the translation to television was totally successful. It played beautifully and swiftly.

Taped In Advance
The fact that the production was taped in advance because of a strike threat by the American Federation of Television and Radio Artists, did not tarnish its glow as live, spontaneous television.

Alfred Drake and Patricia Morison offered the delightful voice and verve they displayed on Broadway as they romped the sets and sang such numbers as "Wonderbar" and "So In Love."

Julie Wilson, who played Bianca on the road and in London, had gratifying gusto as the happy boyden. When she belted "Always True to You in My Fashion," you wondered why she isn't seen and heard more often on the home screen.

YOUNG MAYOR OF BERLIN WILL MATCH RED FOE

By SEYMOUR TOPPING
BERLIN (AP)—Willy Brandt is ready to take on whatever the Communists throw at Berlin.

"We've got strong nerves and we're ready for the difficulties ahead," says the handsome 44-year-old mayor.

Brandt is a fighting Socialist politician in the tradition of the late Ernst Reuter, mayor who saw Berlin through the Soviet blockade of 1948-49.

Some fellow Social Democrats think Brandt may one day be chancellor.

Can Get Tough

His lust for the political rough-and-tumble may stem from his background—voluntary exile during the Hitler years, escape from the Gestapo, marriage to a Norwegian beauty and a meteoric postwar political rise.

Controversy centers around his activities in World War II. Some political foes accuse him of treason, claiming that he fought with the Norwegian army while a political refugee.

Brandt denies the charge. He says he put on the Norwegian uniform to escape the Gestapo hunt for him after Norway fell in 1940. He succeeded in eluding the Nazis and wound up the war as a Norwegian citizen in Sweden working as a journalist.

Readopted Citizenship
After Germany surrendered, Brandt returned to Berlin as press attache in Norway's military mission. He readopted German citizen-

ORRTANNA — The monthly meeting of the Adult Class of the Mt. Carmel EUB Sunday School was held in the church Wednesday evening with 13 members present. Charles Shindedecker was leader and Mrs. Shindedecker served as hostess.

The meeting opened with the hymn, "More About Jesus," followed with prayer by the teacher, William Howe. The topic for discussion was the resources of the church, "The Great Fellowship." "Trust And Obey" was the closing hymn. Mrs. Clair Rebert was a pianist. The meeting closed with the Lord's Prayer. After the meeting, refreshments were served and a social hour

ship in 1947. He won a seat in West Germany's Parliament, and in 1950 became a West Berlin city legislator.

Brandt was a hard-headed practical Socialist then, and is now. Experience with Nazis and Communists has made him shy at too much state power.

In 1948 Brandt married Rut Hansen, whom he had met in Scandinavia. They have two sons.

Live In Four Rooms

The Brandts live in a four-room apartment of a two-family house.

Says slim, blonde Mrs. Brandt wistfully:

"The boys sometimes ask me how it is that the father of the children upstairs can come home for lunch."

Brandt isn't coming home for lunch nowadays — and rarely for dinner. He is too busy speeding around among his 2,200,000 people, telling them to stand fast.

WEST TO AVOID RECOGNITION OF E. GERMANY

By JOHN M. HIGHTOWER
WASHINGTON (AP) — The Western Allies were reported agreed today to avoid any action in the developing Berlin crisis which could be construed as recognition of Communist East Germany.

If the Reds force the issue and block Allied traffic to West Berlin, the Allies are understood to be ready to resort to an airlift.

The United States, Britain and France also were reported studying counter moves to improve their bargaining position with the Soviet Union.

May Involve Crackdown
Some authorities indicated these might involve a crackdown on trade between the West and East Germany.

State Department officials were studying, meanwhile, a report received late Thursday from Bonn on the meeting there between Soviet Ambassador Andrei Smirnov and West German Chancellor Konrad Adenauer.

Smirnov was reported to have told Adenauer what steps Russia intends to take to end the four-power occupation and control of Berlin, which is 110 miles inside Communist territory.

held in the church hall. Mrs. Rebert will be leader and Clair Rebert will serve the refreshments at the next meeting December 17 in the church hall.

Net proceeds of \$347.21 from the turkey supper held in the Mt. Carmel EUB Church hall recently have been applied to the building fund.

Mr. and Mrs. Clyde Metz were the leaders for the monthly meeting of the Young Adults Class of the Mt. Carmel EUB Sunday School held in the church hall Wednesday evening. Mrs. Robert Shindedecker was hostess.

The meeting opened with the hymn, "Wonderful Words of Life," with Mrs. Clyde Metz at the piano. The opening prayer was offered by the teacher, Ira Naugle. The topic for the evening was "Our Materials." After the program, refreshments were served and a social hour held.

The Rev. Alfred T. Gotwalt will speak at the Thanksgiving Day service in the Orttanna Methodist Church at 8 a.m. The Rev. Norman Marden is pastor.

Mr. and Mrs. Russel Varner and family, Newburg, were recent guests of Mr. and Mrs. R. D. March and family.

Miss Marie Krichen and Daniel Sanders, Westminster, were Sunday guests of Mr. Sanders' grandmother, Mrs. Luther Myers.

Kermit Wetzel, Solley, Md., spent Wednesday with his parents, Mr. and Mrs. Luther Wetzel.

The condition of Mrs. Ella Wetzel, 76, remains unimproved following painful bruises she sustained from a fall at her home here November 9.

Mrs. Hilda Liek and Mr. and Mrs. Gerald Liek and son, Jeffrey, Hellam, were Sunday guests of the Rev. and Mrs. Alfred T. Gotwalt and son, Kenneth. Mrs. Gotwalt is a daughter of Mrs. Hilda Liek and a sister of Gerald Liek.

Mr. and Mrs. Raymond Pepple and son, Lowell, visited relatives in Hagerstown on Monday.

Richard Weaver, Hagerstown, spent Wednesday with Mr. and Mrs. Weaver and his brother-in-law and sister, Mr. and Mrs. Pepple.

Mr. and Mrs. Calvin Biesecker and son, Charles, Hanover, visited Mr. Biesecker's parents, Mr. and Mrs. I. O. Biesecker, recently.

'Amos' Of 'Amos And Andy' To Be 'Ambassador'

By ED CREAUGH
WASHINGTON (AP) — "Andy," explain this to me: I got this letter from the White House—

"Now, wait a minute, Amos. You been dreaming again. Ain't that right Kingfish?"

"Yeah. Sure sounds that way. Amos, you got as much chance of gettin' a letter from the White House as you is to become Kingfish of the Mystic Knights of the Sea."

Amos was right, though. Ambassador To Mexico

The White House itself made the announcement Thursday.

Freeman F. Gosden, the original Amos of 'Amos 'n' Andy,' has just been appointed a special U.S. ambassador.

President Eisenhower named Gosden as one of a 10-man delegation to represent him at the Nov. 28-Dec. 4 inauguration of Don Adolfo Lopez Mateos as President of Mexico.

Gosden, a one-time tobacco salesman from Richmond, Va., has played golf with Eisenhower at Denver. The White House described him as a long time personal friend of the President.

Still On Radio
The 59-year-old Gosden — or rather, the Amos he long portrayed — has been a household word to radio and many TV fans, almost since the crystal set days.

Amos is a wistful, trusting soul — often the victim of the boastful Andy — originated by Charles J. Correll — and the big-dealing Kingfish. They are just a few of the colorful characters who populate the blackface comedy-variety series.

The original Gosden-Correll team, both white, still plays Amos 'n' Andy on radio. A Negro cast fills the parts on a televised series.

close attention to the Berlin controversy, there was no air of alarm. This was underscored by the absence from the city of both President Eisenhower and Secretary of State Dulles. Both are vacationing, Eisenhower at Augusta, Ga., and Dulles at his Lake Ontario retreat.

Withdrawal of U.S. British and French forces from the Western sector of divided Berlin is a Russian objective in the maneuvers which began two weeks ago.

An effort to force Western recognition of the Red regime in East Germany is regarded here as another objective. In the long run, this campaign may be aimed at the neutralization of all Germany.
